Confidence in U.S. Elections is Sliding

SMART Elections is working to ensure election are secure and fair.

**38% of Democrats
& 72% of Republicans
Believe Election
Results Are
Not Legitimate**

#CountTheVote

is a groundbreaking national network of election observers training to monitor & protect the midterms.

**Our 6-week online election observation training series continues for 3 more weeks:
Every Tues. at 7pm ET from May 12th- May 26.**

Here's what you can learn at each session:

MAY 12TH ~ MAIL-IN PROCESSING: Mail-in ballots are at risk from both fraud and the possibility of rejection. Learn how to observe this process and what you can do to help ensure that valid votes get counted and not rejected.

MAY 18TH ~ AUDITING: Evaluate post-election audits, How many ballots are actually audited? For what races? Are discrepancies discovered? How are they addressed?

MAY 25TH ~ ELECTION NIGHT REPORTING: Track vote totals in real time as they are reported.

TOGETHER we can improve our elections
