WRIGHT PEDIATRICS, P.A.
OFFICE AND FINANCIAL POLICY

Welcome and thank you for choosing Wright Pediatrics for the medical needs of your child. We are dedicated to providing the best possible care for your child, and we want you to completely understand our office and financial policies. Our professional fees have been determined through careful consideration, in addition to being reasonable and customary within our geographical area. The following is a list of guidelines that are necessary in order to continue to provide high quality care and make your child's visit as pleasant as possible. Please review and initial the following statements:

___**Co-payments, unmet portions of your deductible, coinsurance, and previous balances are due at time of service.**

___**Appointments:** Please inform our receptionist at the time of making your appointment of any demographic changes (e.g. address, telephone number, insurance, etc.). Failure to notify us immediately of changes in demographic information, financial status and/or insurance coverage may result in you being responsible for any service not covered by your insurance carrier.

___**Vaccine Policy:** We **ONLY** follow the vaccine schedule required by the CDC. The Flu, Covid and HPV vaccines are recommended but are not required. We do not currently carry the Covid vaccine. Please initial that you have read and agree to the terms of our Vaccine Policy Statement. This is made available for your review at your child's first visit to our office, at the front desk upon your request, as well as online at www.wrightpediatrics.com.

___**Self-pay Accounts:** Patients with no insurance will be expected to pay at the time of service.

___**Insurance:** The patient is expected to present an insurance card at each visit. If we participate with your plan, we will directly bill your insurance. Keep in mind that your insurance policy is a contract between you and your insurance company. Not all insurance plans cover all services. In the event your insurance plan determines a service to be "not covered," you will be responsible for those charges. Any non-covered charges are due upon receipt of a statement from our office within 30 days.

It is the parent/guardian's responsibility to contact the insurance company and confirm that the child's doctor is "In Network" with their specific insurance plan. If our doctors are "Out of Network", the parent will be responsible for any charges not covered by their "Out of Network" benefits.

___**Referrals:** It is the responsibility of the patient to know their insurance plan's procedures for referrals. If your plan requires a referral, it will be necessary for you to inform us of that prior to you scheduling an appointment with a specialist. **We kindly ask that you notify our office 5 (five) business days prior to non-urgent referral visits.**

___**Late Arrival:** As a courtesy, please arrive at least 5 minutes prior to your appointment. If you are ***15 minutes late***, it may be necessary to re-schedule your appointment to another day in order to prevent inconveniencing other patients.

___**No-Shows or Missed Appointments:** When an appointment is scheduled with the doctor, time is specifically allocated for you. When an appointment is not canceled in advance and the patient "no shows", another patient that needed to be seen may have been unable to because the time slot was already taken. We understand there may be times when you are unable to keep an appointment, but we ask the courtesy of a phone call to cancel your appointment. We wish to advise you that all appointments will require a 2-hour notice of cancellation by you. ***If an appointment is missed without at least 2-hours prior notice, you will be charged a $30.00 fee or $50.00 fee for Behavioral Health/ADHD appointments.*** This fee is not payable by your insurance company and will be your responsibility.

___**Child Custody/Divorce Cases:** This office will not bill a divorced spouse for the patient's service. It will be the responsibility of the parent or guardian that brings the child in for all co-pays, deductibles, coinsurances, or balances. It is the parents' obligation to work out an agreement themselves or through the court system.

___**After Hours Calls:** Our physicians are available to answer your calls after regular office hours. **There is a $25 fee per call for this service.** However, the fee will be waived if you are advised to go to the ER, follow up in the office the next business day or your child is 3 months or younger.

Wright Pediatrics Vaccine Policy Statement

At Wright Pediatrics we treat your children as though they were our own. While we recognize that some families have concerns regarding vaccines and will do our best to answer any questions that you have, our facility follows the vaccination schedule recommended by the Center for Disease Control and the American Academy of Pediatrics.

- We firmly believe in the safety and efficacy of the vaccines we administer
- We firmly believe that that all children and young adults should receive all of the vaccines according to the recommended schedule
- We firmly believe, based on all available current medical literature, that vaccines do not cause autism or other developmental disabilities.
- We firmly believe that vaccinating children and young adults is likely the single-most important health-promotion intervention that we perform as health care providers and parents/guardians.

The recommended vaccines and the schedule in which they are given are the results of decades of scientific study, collection of data, and constant scrutiny by thousands of the brightest scientists and physicians. Unfortunately, the vaccine campaign is a victim of its own success. Because vaccines are so effective at preventing illness, many laypeople have never seen or known anybody who has had a severe outcome from a vaccine-preventable illness. Because vaccines have greatly reduced the prevalence of these illnesses in our communities, many are under the impression that vaccine-preventable illnesses no longer exist, but this is completely untrue. Communities all over the globe experience outbreaks of vaccine-preventable illnesses every year when vaccines are not available to children or when large groups of parents fail to vaccinate their children by choice.

Refusing to vaccinate your child according to the CDC schedule goes against our ideology as a group of medical professionals. New patients who have not previously been vaccinated according to the CDC schedule should have a plan in place to catch up vaccines within 30 days of seeing one of our providers. If after 30 days of seeing one of our providers parents or guardians refuse to vaccinate, you will be given 30 days to find a different provider who agrees with alternative vaccine schedules. Please understand that we want you to be comfortable with giving your child vaccines and our providers will be glad to answer any questions that you may have.

Please keep in mind that we are a professional and ethical office. We will NEVER give your child a vaccination without your expressed consent. All of the Vaccine Information Statements (VIS) are available in the patient rooms inside the cabinets for your review. Personal copies are available upon request.

We ONLY follow the vaccine schedule required by the CDC. The Flu, Covid and HPV vaccines are recommended but are not required. We do not currently carry the Covid vaccine. Please sign below that you have read and agree to the terms of our Vaccine Policy.
