Mr. Bleaman –

Arizona’s Task Force on Countering Disinformation issued a report and recommendations in October 2020 for ways to promote trust and confidence in Arizona’s courts. Three of the Task Force’s recommendations specifically included reaching out to ABOTA for ways to collaborate on countering disinformation while protecting First Amendment rights.

As Chair of the Task Force I invite you to review the attached document of our recommendations. ABOTA appears in Recommendation 2 (itemized recommendation #12) and in Recommendation 6 (itemized recommendations 22 and 23). For the full report and recommendations, see the Task Force’s website at

<https://www.azcourts.gov/cscommittees/Task-Force-on-Countering-Disinformation>.

Please let me know if the Tucson Chapter of ABOTA would like to designate a liaison to stay in touch with the Arizona Supreme Court’s Task Force. We would also welcome a member to attend one of our monthly task force meetings for an introduction and to share information about your group and ours.

Feel free to contact me with any questions or for more information, and thank you for your consideration.
