PAL

9 y/o Palomino Gelding

Pal is a coming 9 year old gelding standing 14.2 hands. He is a really nice horse to have around. He has such a kind, gentle personality and of course he's handsome. Pal is a great trail horse and has seen a lot of sights. He crosses obstacles, water, and whatever else you may come across on the trail. Pal handles himself well and doesn't spook easily. He has a good mind and takes things with a stride. His previous owner used him for ranch work and heeling cattle outside, so he has been exposed to real ranch work and knows what it's like to have a job. One of the things I really like about Pal is how kind and gentle he is. He stays honest even with time off and doesn't need to be rode everyday to keep his good attitude. Pal would make someone a really nice trail and ranch horse. He's the kind of horse you can take out and enjoy without having to worry about every little thing that comes along. He will sell 100% sound and ready to go.

"Deuce" is a 6 year old registered AQHA gelding standing 14.2 hands. He's the kind! He was started as a cutter in Canada and has since been used for ranch work and cattle lots. Had plenty of roping experience out in the pasture and doesn't mind dragging one. He's extremely laid back in the saddle. Phenomenal bloodlines sitting behind him! His sire is a money earning son of CD Olena and his dam is a money earning daughter of Smart Little Lena. He could easily go on and compete or just be a nice riding horse! Deuce is always the first horse to come in, loads well in any trailer, and stands great for the farrier. Deuce is towards the bottom of the pecking order. He's your typical gelding...just happy to be there! Deuce is current on everything. Stays on a regular schedule with the farrier, working, and chiropractor.

"Freckles" is an 8 year old registered AQHA gelding standing 15.3 hands and fancy broke! He's big, strong, and willing. Freckles is clocking in the 2D in tough TX competition, with less than 25 runs as he needs to be seasoned. He's quick in the poles, you can do ranch work and push cows on him as well. He's started on the head side. He's smooth and easy to ride around. Freckles is easy to get along with, he's quiet in the alley, stands for the farrier, baths, loads, and is great on the road. He is an easy keeper, meets you at the gate, and gets along with others horses. Freckles is NOT a kid horse, he needs a confident and experienced jockey. He bucked me off and with my previous neck injury I can't take the chance of it happening again. I love this horse, he's truly the best, I just don't trust him anymore and it's not fair for him to keep sitting. He needs someone to take him in whatever direction and be consistent, he'll be great. He's easy to catch, he leads, loads, ties, bathes, and stands great for the farrier. Booger trail rides like a champ and will go anywhere you point him. He will cross water, logs, and ditches with ease. He's been used in playdays and has helped check cattle on the ranch. In the arena he walks, trots, and lopes both ways. He takes his correct leads, stops, and backs up well. Booger does have some go, so I recommend an intermediate rider, but he is not dangerous and has never offered to buck. He would also be perfectly fine as a leadline pony. He's a fun, handy little horse that's ready for his next kid to enjoy.

Barbara rides one-handed, picks up both leads, and has a lot of natural ability. Woodstock is a 16 year old gelding standing 15.1 hands. He's a steady trail and family guy. If you are looking for a safe, sane, and dependable mount for the trails or the kids, he is exactly that. Woodstock is about as close to "no spook" as they come. He is completely unflappable. When his pasture buddies get spooked and run away, he will literally just stand there and watch them go. He is entirely unfazed by loud equipment. When you are mowing the pasture, you practically have to drive the mower right around him. He catches effortlessly and will walk right up to you at the gate. Woodstock features a very soft neck rein and handles smoothly. He's excellent for the farrier, he stands quietly for both trimming and shoes. Woodstock can be a little barn sour. He will happily ride away from his buddies all day long without an issue, but he does not like it when they are taken away and he is left behind. He's truly a steady, big hearted family horse.

One negative thing about Boop is that she does like to rear up, her previous owner thought this was due to kissing spine so they proceeded with the surgery and gave her time off. She still has the rearing issue, so the vet believes it could be a behavioral issue and she has recently learned that it gets people off. Our intentions were to keep her and work on the rearing or breed her, but we recently had a baby and finances are tight, so we have made the difficult decision to sell her. "Remington" is an 11 year old registered APHA gelding standing 15 hands. I bought him when he was 4 months old, he has never been to anything like this. Remington is super sweet, loves attention, loves water, stands tied, loads, and is good for the farrier. I use him for pleasure riding and trail riding in the national forest. Last year I started Remington on the barrel pattern and he picked up on it quick. I have hauled him to a few shows. He is selling to no fault of his own. It's just time to move on to the younger horses that I have, I don't have time for him. Since I've owned him he has been on total equine feed eating 9 pounds a day and he eats coastal hay daily as well. He will sell 100% sound.

SKY
12 y/o White Pony Mare

Hip No.
136

Sky is a 12 year old pony mare standing 40 inches tall. She's broke to ride alone or on a lead line. Sky has more go than woah and would be a great fit for a confident kid who wants to do more than just walk. She has never offered to buck, bite, kick, etc. Sky prefers being with other horses and would be a great pony to haul along to playdays, jackpots, etc. She has no feet issues, stands well for the farrier, and has been trimmed regularly. My niece has had a lot of fun with her, but she has outgrown her and is ready for the big horses. I would prefer to see Sky go to a family with young kids than someone only keeping her as a companion. We have several pony items that can go with her including a fly mask, winter blanket, breastcollar, and a pony saddle and pad.

Daisy is a 5 year old mare standing 15 hands. She's by Frenchmans Roan Jet with a well rounded, well built grade mare as her dam. Daisy's half brother has gone on to do great things and has earned a lot of money in the barrel pen, giving her an exciting performance family. She's had 9 months of training and has been hauled around and exposed to different environments. She's an in your pocket type of girl who loves attention and enjoys being around people. Daisy is not a finished horse and is looking for someone who is willing to give her the time, patience, and a job to help make her into something great. I would not recommend her for a young or inexperienced rider, she needs someone with the experience to continue putting miles on her and bringing out her potential. Daisy has a good foundation, a nice disposition, and the breeding and potential to go on and make someone a really nice barrel or roping prospect. With the right person and continued training, she will be great. She will sell sound.
