LIGHTENING MCQUEEN

9 y/o Bay Gelding Andalusian X QH

Lightening McQueen is a 9 year old Andalusian X Quarter Horse hybrid gelding standing 15.1 hands. If you want a horse that can run his heart out and make you feel like you're competing in the Kentucky derby, this is the horse for you. He is as sweet as they come. Don't let his sweetness fool you though, because this is NOT a horse for you to invite your coworkers kids to come ride. Do I have a doubt that he could win a race between you and your motorcycle gang? No, he could smoke them, but this is not a beginner friendly horse. So if you're looking for a hot rod of a horse, look no further cause this is your guy. He's liable to make someone a good cutting horse, this guy can get low and turn and burn. He also knows the fancy Andalusian dance stuff, so if that's something you're into this boy can make it happen.

Buckwheat is a stunning and classy buckskin paint gelding. He is a bombproof, safe gelding for the whole family! Standing 14.2 and just 14 years old. Stout and has the ability to do anything you want to do on him. Buckwheat has an old soul, been-there-done-that personality that makes him the go-to for a quiet, enjoyable ride. He is both well-trained and well-behaved in any scenario or discipline. He is quiet and soft to ride in or out of the arena, alone or in a group. Not at all skittish, jumpy, or reactive, yet sure-footed and nimble through uneven terrain. He has a ground covering walk, a silky smooth jog, and a dreamy lope all on a loose rein or even no bridle at all! Not forward or pushy, making him a terrific step up for a novice rider looking for a confidence builder or babysitter to show them the ropes! Very forgiving and patient, both on the ground and under saddle. He has enough of a handle to participate in local fun shows or 4H and also pull his weight around the ranch doing chores. Buckwheat has spent plenty of late nights around the roping pen as well as early mornings trotting out to move cattle. He is no stranger to a hard day's work and is a blast to use! He can side-pass to open and close gates, rides anywhere in the group, has snubbed colts, drug logs, crosses water, is easy to catch wherever you find him, loads and hauls like a dream, stands tied quietly, and is great for the farrier. Talk about a no-nonsense, steady, good-hearted horse that is gorgeous as well!!

She is little kid safe, youth safe, adult complete beginner safe guaranteed. Horses like her don't come around often and she would be well suited for babysitting and teaching several siblings the speed events, western pleasure, reining patterns, ranch horse shows or whatever you ask of her. She is slow when she knows the rider isn't ready for anything faster but if you ask her to lope through a pattern she will pick it up and she would be competitive if you choose to finish her out. Snoggrass Cattle Co. bred, she has also caught cows, loaded bulls, day worked in sale barns, been out of the box, trail ridden and ranched off of heavily so dad can use her too. She has been used for several cowhorse clinics by beginners and peewees, parades and lots of highway riding. My kids walk all around and under her and she wouldn't hurt anyone. This mare is phenomenal and we have video proof!

"Breezie" is an 8 year old registered AQHA mare standing 14.1 hands with the looks to kill. She is built like a Mack truck with beautiful features and bred even better. She is my husbands pick of the barn to day work on because she has such a good handle and you can rope anything anywhere on her. She can run and has a really big stop. We have heeled and roped breakaway on her. In my opinion, she is ready to haul on the heel side as she has ran plenty of steers. She is not finished in the breakaway but it wouldn't take much to get her that way. If I roped calves she would be finished but we team rope more at the house. She would make an awesome little breakaway horse being so light on her feet with that big stop. You can stay off of her for as long as you want and she has zero buck. I wouldn't say she was kid gentle, because she is watchy on the ground about some things, but won't do anything to hurt anyone. On her back she acts and rides like a seasoned veteran. This is a super nice mare with everything you want out of a horse. She has all the bells and whistles just waiting on someone to go show her off. Sells 100% sound.

Super gentle, stands to mount, and gets along with every horse. Listens to voice commands. Safe on trails, rides by himself and in a group. He's had experience with ranch work and pushing cows. He is more woah than go, and has excellent brakes. There is no running off, spooking, bolting or any other crazy stuff with him. If you are patient and gentle with him, he'll be in your pocket, and absolutely loves attention of all kinds. He's super easy and comfortable, with a lovely rocking-chair walk, trot and canter. He is the same horse every day. You could leave him in a pasture for weeks and he'll ride just as nicely, as though you've been riding him every day. Sergeant is very kind and really appreciates a kind rider as well. He is an easy keeper, safe for every kind of rider and super gentle with kids. He is an absolutely lovely horse with zero maintenance, never took a day off and we want a home for him that will treat him well. The only reason he is being sold is to no fault of his own. I have ongoing chronic health issues, and my daughter who would ride him is at college and can't give him the attention he deserves.

SMACKDOWN	ALWAYS DIGNIFIED	
RETRO CHIC	MS SWEET SUGAR CLUE	

Smackdown "Smack" is a beautiful 4 year old double registered bay gelding out of Tel N Secrets and Retro Chic. He has registration papers with Appaloosa Horse Club and American Buckskin. Smack was previously shown as a halter horse, won \$20,000 as a weanling at the 2021 Breeders Halter Futurity, in 2022 and he was the highest placing youth in the Big Money Non Pro Yearlings at the APHA World Show. Smack comes from a long list of outstanding pedigree. He is 16+ hands, haven't taped him lately but he's a big boy with a big rump on him. Show him or finish him out, he's got huge potential. He is very green broke, we've put a saddle on him, walked him around, started on the basics. He's never offered to buck, but again, we haven't done much under saddle with him. I feel he could tear a cow up, he shows many of the same traits our cow bred quarter horses have.

Flat Fork Buck is a registered AQHA gelding. This is a good looking 5 year old gelding, standing 15.3 hands and built to go any number of ways you would choose. He has good ground manners, loads easy, and will stand tied, no buck, kick, or rear. This horse was started a little over a year ago, was put out in the pasture and was recently brought up to get ready for sale. This horse moves off of leg pressure very nicely, you can move his front end, back end, side passes up to gates etc. He does want to be a little lazy and pushy at times. Because of this, I would not recommend him for a kid or a beginner. A ton of potential.

Flat Fork Roan is a big stout 6 year old registered AQHA gelding standing roughly 15.3 hands. This horse was started a little over a year ago and he had a good 100 days put on him. He was started for a 75 year old man to check his cows on but that gentleman can no longer ride. That is the only reason he is for sale today. This horse does not have a good neck rein due to being ridden in a snaffle. But you have plenty of control with your feet to where it would not take long to get him there. He moves off of your feet really nice on the front end, his back end, along with side passing to open gates or do whatever you need to do. He has a very smooth, slow trot that you can ride all day and not have a sore back. Most of the time he will stop on his rear end. If you want him to back up, you can pedal him with your feet. He'll cross anything you point him towards and he's not bad about shying away from too many things. As big as he is, his left and right is pretty soft. And don't let his size fool you, if you need him to get around quick, he can do it. He might not be the most shiny or the most finished, but he has the foundation and the buttons if someone knows what they're doing, you can get him there in no time at all. Somebody give this young man a job.
