Ministering to the physical and spiritual needs in Ghana, Africa

MINISTRY UPDATE

Greetings in the name of Jesus. I recently came back from a trip to Ghana. It was so good to be there and see all my faithful brothers and sisters in Christ again! I enjoyed the trip very much and loved seeing into their lives and also seeing the things that have changed. The thing that impressed me most is how the young folks have developed so much. I was very encouraged by that. We had a lot of meetings and I got to work a couple days outside of meetings and that was refreshing. We worked on the road one day, mowed yard another day and also helped Kwesi fix some things around the mission. I also got the privilege to ride the school bus and be at Living Hope Academy. There are lots of good things happening in the school. I enjoy and love my friends in Ghana and so appreciate and love seeing how they are keeping the living Word alive and are ministering to the world. *Let's not grow weary in well doing, for in due season, we shall reap if we faint not. ~ Galatians 6:9*
To God be all the glory! Here are some pictures for you to enjoy.

Blessings, Levi Chupp
LHIM Office Administrator

Kwesi does a lot of maintenance/ gardening/ mechanics on the farm

It was so refreshing for Levi Chupp, Charlotte, and I to be in Ghana together in Jan. Several new babies have recently arrived in the homes. I am blessed to see how much love and energy the parents give to these children. One day while visiting Living Hope Academy I stopped to chat with a group of girls visiting together after school. When I asked how school was, their reply was, "We are talking about Jesus. We are learning about his love, how he died for us, and that he wants us to be like clay molded to be like himself". The prison doors are open again for our staff to return and do weekly Bible studies with the inmates. It's refreshing to have a Christian chaplain that helps facilitate these events. Charlotte and I visited a pastor friend and his wife seven hrs. northwest of Abbina. Two yrs. ago this pastor had been transferred to this village where the church was not strong. Since then he has built a large church building and there are over 60 attending, previously there were only 14 attending. Many of these are young people. We appreciate your continued support to these dear people.
