A word by President |

ABDULLAH FAHAD AL-KHALDI COMPANY FOR GENERAL CONTRACTING (AFAC) as an efficient contractor is also a key player in its commitment to excellence in this global industry for past 26 years. AFAC thinks that excellence is a direct result of good quality planning, which engraves in conformance to its high standards of work performance and offering of its dedicated professional services.

AFAC always remain true to its remarkable founding values of quality, honesty and hard work. AFAC takes every possible effort to fulfill its Clients' demand(s) under any circumstances and meet the availability of deals for its commitments by all means. Innovation at the grass root level is the hallmark of the company's growth and fast development.

AFAC gives priority importance to its customer first policy; advanced engineering technology and key quality construction services. Maintaining highest standards of quality is our key priority to us. Dedicated towards meeting exact requirements of our valued customers, we have adopted a quality management system that ensures quality & reliability involving all aspects of our operation. Keeping in view of these essential principals, AFAC is now established as one of the fast growing, leading contractor in Kingdom of Saudi Arabia. Full Customer focus and satisfaction in terms of creativity, quality, excellent service, reliability, affordable pricing, quickest delivery time and perfect business solutions, is of paramount importance to AFAC. Being a quality oriented company we ensure that it is maintained at each level of the construction process. Our quality controllers keep a strict vigil on our entire process, right from procurement of construction materials till the final services finally delivered to the clients. Along with offering qualitative and customized services we also offer effective service supports, which is a step closer in maintaining cordial relationship with clients'.

AFAC with its unbreakable proven track records bound with vast experiences and impressive achievements confirm its unbeatable position as a role model in market valuation. The reward goes to all of its dedicated workers, thanks to their ability; enthusiasm and reliability are committed to privilege which ensure the customers' satisfaction in absolute manner. With the committed efforts of our qualified technocrats it has driven the company towards new heights.

AFAC pays its gratitude to its reputed Clients. AFAC is empowered with a wide client base consisting of high profile clientele who offer awards constantly for the business to strive. AFAC contributes itself to the path of prosperity and success in order to achieve its Clients' objectives.

Our endeavors to assure the best quality services to our customers to win us a repertoire of reputed Client's. Backed by a team of experts and established facilities, we offer a range of services to our Clients, well known in their definite work domain which enables us to fulfill bulk demands of our Clients within the pre-determined time frame. We have the capability to offer them with customized solutions as per the Specifications of the Clients. All our services are appreciated for their salient features. You will find that AFAC services will exceed your expectations when it comes to performance and longevity. Thanks for your interest in AFAC services and doing business with AFAC. We assure you of our best services and attention at all times.

ABDULLAH FAHAD AL KHALDI

President/CEO

About Us |

We, **ABDULLAH FAHAD AL-KHALEDI COMPANY FOR GENERAL CONTRACTING** also popularly well-known in short as AFAC are a leading and established contractor based in Kingdom of Saudi Arabia.

AFAC is a derived outfit of Fahad Abdullah Al-Khaledi (FAK) which has established its business operations in the year 1992 and a sole owner of three (3) crusher plants located at Khursaniyah and Fadhili in Saudi Arabia.

We are also a Pioneer in the Construction Industry offering innovative practices and precision engineered services and solutions. Over the years, our reputation for quality and craftsmanship and our commitment to customer service have rewarded us with steady growth, allowing us to expand the array of innovative construction processes we offer and to develop an unmatched level of expertise.

Our goal is to raise new altitudes of excellence everyday by offering unique quality services that match world-class standards. We have always paid attention on the offering of our services professionally.

We established this organization with an objective for providing premium quality blended services. Our capability in integrating different processes and designing different range of quality services has enabled us to garner huge clientele and thereby huge turnover in Saudi Arabian Riyals. We take this specific moment to extend our sincere thanks to your prestigious organization for your keen interest in our Services and doing business with us.

We are proud of the advanced engineering and quality construction we offer. You will find that our services will exceed your expectations when it comes to quality, performance, reliability, longevity, and many more immeasurable benefits. We feel privileged in writing to your distinguished and honorable Company the salient features of our Organization and the main services we offer which is self explanatory in this Profile.

For the past twenty-six (26) years AFAC has executed prosperous contracts with many of its reputed Clients and proven its abilities in countless projects in the field of Construction supports. Another significant contributor to our success is the customer's confidence that we rate the Goodwill beyond any valuation standing to our credit.

We are capable of handling all the requirements and needs of our valuable customers committed to meeting all their requirements and expectation for both public and private sectors. We are a proactive, progression organization capable of undertaking turnkey projects for all aspects of Construction Services and our corporate objective is to deliver Professionalism, Proficiency and diligence blended with high quality service to our Clients ensue in return.

We design and built according to the Client's specification for fulfilling their demands adequately. We are backed by skilled and experienced staffs for unmatched quality services.

HSE Policy Statement

Abdullah Fahad Al-Khaleedi Company for General Contracting (AFAC) considers successful health, safety, quality and environmental management to be of prime importance to its business and is committed to continual improvement in health, safety, quality and environmental standards.

1. It is the stringent policy of AFAC to:
 - Pursue high standards of health, safety, quality and environmental management as an integral part of efficient management of the business and ensure that decisions take account of and integrate health, safety, quality and environmental requirements;
 - Comply with all legislative requirements pertaining to health, safety and the environment as the minimum standard;
2. Develop systems and procedures that deliver the high standards of integration sought, and in particular provide for:
 - Well maintained plant and systems of work that are safe and without risk to health or the environment;
 - Suitable arrangements for the selection, use, handling, storage and transport of articles and substances;
 - Adequate information, instruction, training and supervision to enable work to be carried out safely, and without risk to the environment, by persons with the necessary competence;
 - Safe premises and work places, including access to and egress from them;
 - Safe and healthy working environments with adequate welfare facilities;
 - Designs which recognize, include and apply safe practice and which consider environmental impact, during preparation, construction and subsequent operational use and maintenance after completion of the project.
3. Develop and review clear safety, health, quality and environmental performance indicators including:
 - accident and incident performance;
 - annual safety, health and environmental objectives;
 - training achievement;
 - Customer satisfaction audits.
4. Review and, if necessary, revise this policy on an annual basis.
5. The AFAC Board of Directors has the overall responsibility for this policy.
6. AFC will produce and update detailed organization and arrangements and all necessary resources will be made available, for the implementation of this policy.
7. It is the responsibility of management and employees to implement this policy together with their collective and individual responsibilities.
8. AFAC will enforce competent health, safety, quality and environmental system to achieve our vision: **Zero injuries + Zero environmental harm + Zero Damage = Zero Harm**

ABDULLAH FAHAD AL-KHALEDI COMPANY FOR GENERAL CONTRACTING

COMPANY PROFILE

AFAC CRUSHER PLANT

AFAC Crusher Plant Ownership

AFAC Al Khaldi Company also owned three (3) crusher plant located in Khusaniya, about 50 KM away from Al-Jubail industrial city and currently in Haradh/Hawiyah.

AFAC is supporting their client and costumer with high quality of product with reasonable price, polite and good relationship technique.

AFAC is fully organized at their plant with fabrication shop , camp accommodation and site office with professional manpower and management system.

The specification of plant are as followed.

- » **CAPACITY of daily production =45000 M3**
- » **TOTAL area acquire for plant = 10000sq/m**
- » **Camp Office and work shop at site.**
