

GOALS

Foster regional cohesion and collaboration

Seek input for the CCAP about measures and strategies (projects, programs, policies) that will significantly reduce GHG emissions in each sector

Apply innovation and emerging technologies to GHG reduction measures where appropriate

Develop equitable, accessible, comprehensive strategies for each GHG reduction measure

Identify funding opportunities for regional GHG reduction strategies

Consider environmental, economic, and health co-benefits to each measure

Develop regional strategy for workforce development

Set regional GHG reduction goals and identify intermediate milestones and their metrics

DELIVERABLES

By December 2024, each sector roundtable is expected to deliver:

- Detailed listing of sector-specific strategies shared
- An analysis of ongoing activities, established goals, and performance metrics in each sector related to climate pollution reduction.
- Current sector innovation and emerging technologies
- Assessment of business-as-usual, feasible, and ambitious GHG reduction target scenarios, including associated milestones.
- Evaluation of workforce capacity, development requirements, and identification of active stakeholders within each sector.
- Compilation of entities committed to ongoing engagement in the CCAP 2050 Plan, with specific interest in:
 - Providing feedback on draft CCAP initiatives.
 - Collaborating on identifying and pursuing grants and growth opportunities.
 - Assisting with the implementation of strategies and measures.
 - Fostering regional relationships, cohesion, and collaboration.

EPA Comprehensive Climate Action Plan (CCAP) Requirements

- Executive Summary
- Introduction
- Comprehensive GHG Inventory
- GHG Reduction Measures for Each Sector
 - Electrical Grid
 - Buildings
 - Transportation
 - Agriculture, Forestry & Land
 - Industrial
 - Waste & Materials Management
- Review of Authority to Implement
- Under-Resourced Communities Benefit Analysis
- Workforce Analysis & Strategy
- Funding Crosswalk
- Coordination & Outreach
- Abbreviations & Acronyms
