

June has been training dogs since 1972; she is a provisional AKC obedience judge for the non-regular classes and an AKC Canine Good Citizen evaluator. Rich is an accomplished trainer with titles on several dogs and has been training since the early '80s.

We have worked with a wide range of breeds, sizes, & temperaments. We have successfully worked with abused & aggressive dogs. We get a tremendous variety! In addition, we have done therapy work with our dogs since the early 80's. We have visited many hospitals & nursing homes over the years.

Besides doing countless obedience demos for the public, several of our dogs have also been on TV demonstrating how well trained dogs behave.

Our main goal is to train owners to train their dogs so they can live with them; however, our passion is to show dogs. June (& Rich) have personally finished the following titles:
