FEDERAL CAPABILITY STATEMENT

UEI WA7RP64J9529 | CAGE 01A15

FEDERAL FINANCIAL MANAGEMENT | ACQUISITION | TECHNOLOGY | OPERATIONS | TRAINING

Experienced SMEs. Integrated delivery. Mission-focused results.

The Neighborhood Collective (TNC) is a small, minority- and woman-owned federal consulting firm providing experienced subject matter experts across financial management, acquisition support, technology investment, strategy and operations, and workforce development. TNC partners with federal integrators and prime contractors to augment delivery teams, fill specialized capability gaps, and support complex mission requirements.

RELEVANT PERFORMANCE

Current Federal Mission Support | McLean, Virginia

Federal Subcontractor | 2024-Present

Provides embedded professional services supporting a federal mission, including financial management, planning, reporting, resource analysis, technology investment support, contract execution support, and strategic decision-making within an integrated prime/subcontractor environment.

- Leadership experience supporting financial portfolios exceeding $1B.
- Federal planning, forecasting, budgeting, resource allocation and executive decision support.
- Experience supporting complex CONUS and OCONUS mission environments.
- Commercial technology experience supporting federal cloud pricing and investment decisions.

WHY TNC

PRACTITIONER-LED

Seasoned professionals with meaningful federal and industry expertise - not simply resume placement.

FINANCE + TECHNOLOGY

Ability to bridge financial, technical, contracting and mission stakeholders.

PRIME-FRIENDLY DELIVERY

Structured to integrate into established teams and support prime performance with low management burden.

SPECIALIZED TALENT

Access to experienced professionals across finance, technology, systems, program management, operations and training.

SMALL-BUSINESS AGILITY

Responsive, flexible support backed by experience in large, complex federal and commercial environments.

PARTNERING PROFILE

Federal Subcontracting & Teaming

SPECIALIZED EXPERTISE | CLEARED TALENT | FLEXIBLE DELIVERY

CLEARED & SPECIALIZED TALENT CAPABILITIES

TNC maintains relationships with experienced professionals who can support specialized federal requirements. Our current talent network includes professionals with 10+ years of experience and TS/SCI-level clearance backgrounds across the following capability areas. Clearance status, availability and suitability are confirmed for each opportunity.

FINANCIAL MANAGEMENT & PROGRAM SUPPORT	Budgeting • Forecasting • Resource Management • Analysis • Advanced Executive Reporting • Contract Management
FINANCIAL SYSTEMS, SOFTWARE & PM	System development • project/program management • financial systems • modernization • technical-tool integration
OPERATIONS, TRAINING & WORKFORCE DEVELOPMENT	Mission operations • training strategy • curriculum development • workforce readiness •

TNC seeks strategic relationships with federal prime contractors, integrators and established government consulting firms that need specialized expertise, experienced personnel or meaningful small-business participation to strengthen program delivery.

PARTNERING WITH TNC

TEAMING INTERESTS

Subcontracting • Task Order Support • Proposal Teaming • Surge Support • Recompete Support • New Business Pursuits • Pricing/Red Team Support

HOW WE SUPPORT PRIME TEAMS

- Provide specialized SMEs for existing program requirements.
- Identify qualified candidates for open or anticipated billets.
- Support proposal staffing and key-personnel identification.
- Provide surge capacity for task orders and contract growth.
- Support recompete and capture efforts with relevant personnel and capabilities.
- Fill specialized finance, technology, program management, operations and training requirements.

Our objective is to become a trusted delivery partner across multiple programs - not simply a source for individual resumes.

Jessica Mills

LEADERSHIP

Founder & CEO

MBA | B.S. Finance | DoD FM Level II | AWS Certified Cloud Practitioner

Federal finance and technology leader with more than a decade of experience spanning government and commercial environments. Experience includes financial portfolios exceeding $1B, federal financial planning and execution, resource allocation, strategic pricing, cloud economics, technology investment, contract support and mission operations.

Commercial technology experience includes work supporting the Strategic Pricing & Deals organization at Amazon Web Services and operational investment within Google Public Sector, bringing perspective at the intersection of federal missions, financial strategy, cloud technology and investment decision-making.

SELECT NAICS ALIGNMENT

541611 - Administrative Management & General Management Consulting
611430 - Professional & Management Development Training

Additional technology NAICS should be used only where TNC's contracted scope directly matches the classification.
