INTEGRATING WHAT WE KNOW TO HELP CHILDREN SUCCEED

The East Wake Leadership Academy (EWLA) has made an important discovery about what works for struggling students. This discovery is yielding wholesale improvement in students' academic performance as well as in their attitudes about learning.

We are providing year-round academic and social-emotional support to students. That includes an academically based after-school program during the school year and a strong academic component in our six-week summer camp. We add positive reinforcement.
