InDoor FlyIn Recap.....

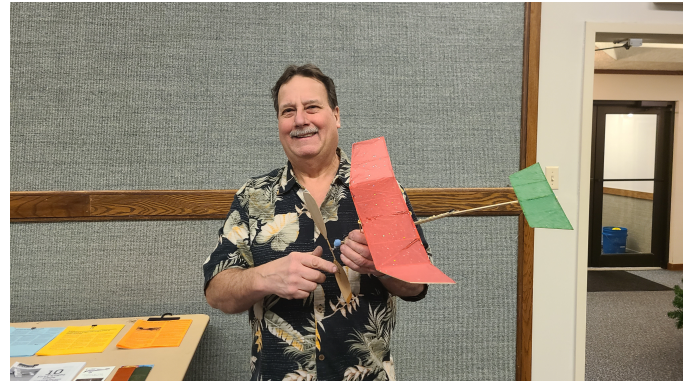

Our annual InDoor FlyIn was a big success, even though attendance was down

a bit from last year. We had probably the best weather we have ever had with temps around 50 degrees. Most years we had freezing cold and/or big snows, but we were blessed this year. We had a wonderful food selection, and quite a few guests to enjoy the indoor flying and Real Flight Simulator setup.

Thanks so much to Neil & Myrna Woffinden who were again our hosts at the LDS

church on Walters Ave. Each year, they go all out to provide us with wonderful food and an excellent place to hold our InDoor FlyIn. Thanks again! Again this year we had a number of their church youth group attend and try their luck with paper airplanes and the RC Simulator, and everybody seemed had fun, even the "old guys" from our club. We had "Slow Flyers", "Night Vapors" "Drones" "Gliders" etc.

Members and guests had a wonderful time and great food!

Chris Smith flying his new drone.

Sam's Slo-Flyer had some very impressive flight times. Pictured on the right isn't a large bug, but no other than Jacob Lowstetter flying his really small mini drone using first person technology. We had yet another very successful InDoor FlyIn. Remember, our club dues are now due for 2026.
