News Editor Newsletter doing well. A news letter is also sent out to a “non-members” list so, if you start talking to someone at the field that shows an interest in our club, please get their info and pass it along. We have had over 15 people who just stopped by to visit put on a on buddy box this month and flew for the first time. Those people, young and old, leave our field with a big smile on their face and I’m sure that they share their experience with a number of other people. It’s a great way to promote our hobby and our club. Keep sending “for sale” stuff for our newsletter as members are getting good results.

Field Control Mark will be absent for a few months due to upcoming surgery and rehab. He should be returning in the early summer 2023. We are all being asked to help with field control. If there is a situation that you are unable to resolve, pass it along to an club officer.

Web Master Absent. Website soon to be updated.

Message from President Jim Andrews

Members and Friends,

Now is a good time to take care of your Club and AMA membership before the busy holiday season starts. **Links are provided below.** Our next meeting is Saturday, December 3rd at 12 noon at St Paul church. We will have pizza and if you wish you can bring along cookies etc.

We also use this time to make a donation to Operation Santa Claus, a worthy cause that the club donates to each year. Also, watch your email for something special that will happen at the meeting. For you new members, the field does not close over winter, we fly year round. Float planes fly well off snow!

Have a great Thanksgiving and hope to see you all at the field or the Meeting.
