Ole Berry Bud *Mostly Indica* *8-9 weeks* *f1 polyhybrid*
- *New Berry x '79 Christmas Tree Bud*. Ready for some colorful plants with some blueberry & pine smells? Well look no further. Really cool mix of genetics here pairing the purple stem New Berry with its' blueberry terps should mix nicely with the CTB pine smells and blue phenos. Made in Oklahoma.

Bardowski *Mostly Indica* *8-9 weeks* *f1 hybrid*
- *Too Buku #26 x '79 Christmas Tree Bud*. Sure to be a score with big city slams, mixing up the unique terps of the Too Buku with the pine tree aroma of the CTB. Look for large yields with major league vigor. Always bardowski. Made in Oklahoma.

Purple Cane *Indica* *8-9 weeks* *f1 hybrid*
- *Monkey Balls #6 x '79 Christmas Tree Bud*. Old time purple majestic indica bud from the Afghanistan MB meets the old time Pakistani genetics that smell of pine tree. What could go wrong? Since forever, people have found success crossing Afghans with the Pakistani genetics. Here's a new version of these pure indica heavy hitters.

Tookya *Indica* *9 weeks* *f1 hybrid*
- *Kandahar Afghan x Kashmir Azad*. Two indica IBLs collide, combining the knock-out power of the archaic looking Kandahar with the greasy style of the Kashmir. Kashmir brings out awesome traits in everything it touches. Expect to find some heavy indica expressions, smells that should vary from sweet to weird, and dense nugs from fast vegging plants.

Castle *Mostly Indica* *8-9 weeks* *f1 polyhybrid*
- *King's Banner XIII x '79 Christmas Tree Bud*. King of the Castle smoke to be found in these here beans. King's Banner grows spindly but has that classic OG smell and flavor profile with a blast of a high combining sativa effects at first with a calm body indica stone to follow. CTB should bring in more indica effects and pine smells with additional structure & yield. Made in Oklahoma.

Can't Touch This *Slightly Indica* *8-9 weeks* *f1 polyhybrid*
- *Jack Light5 #3 x '79 Christmas Tree Bud*. Our passionfruit cut meets pine trees here in this mix up. Terps should be off the wall loud with pine and fruit smells. People are going to ask what that is and you'll have to tell them you "can't touch this." Made in Oklahoma.

2Pak *50/50 Hybrid* *9 weeks* *f1 hybrid*
- *Vintage Pakistani x '79 Christmas Tree Bud*. We've been thinking about this one for quite awhile now and glad to finally release it. 2Pak is a 2 way Pakistani delight of old school superstars, one being a sativa and the other a pure indica. We imagine we'll find some delightful expressions here in these beans that should be reminiscent of what folks were smoking back in the day. Made in Oklahoma.

Let's Go *Mostly Sativa* *9-10 weeks* *f1 hybrid*
- *Sannie's Jack #8 x Too Buku*. Let's Go is an appropriate name for this cross as the plants will jump out of the pots on you and once you consume them, you'll be saying "let's go." Sativa rush with big yields from both parents should result in some interesting phenos here.

Decent *Mostly Sativa* *9-10 weeks* *f1 hybrid*
- *Big Sur Holy Weed #4 x Too Buku*. One of our favorite sativa's meets the Too Buku male for a sativa leaning type. Sure to be some stretchy ones with some sativa head rush highs and sweet funky smells from the BSHW. Hoping to find some CBD phenos in there.

High Maintenance *Slightly Indica* *9 weeks* *f1 polyhybrid*
King's Banner XIII x Kashmir Azad. Awesome OG meets the male Kashmir Azad, due to dish out some dense OG flavors with some greasiness. Everyone is working with this Kashmir line now for a reason. It brings out really cool traits in everything it touches.

Honey Bunny *Indica* *9 weeks* *f1 hybrid*
- *Kashmir Azad #1 x '79 Christmas Tree Bud*. Indica worlds collide again here with our Kashmir mom that oozes greasy nugs and our pine smelling bud, originally from Pakistan. Both indica plants give more of a dreamy euphoric type indica buzz with less narcotic couch lock than other indica strains. Should get a range of effects with this f1 cross, increased yields, and a range of smells.

Mined Flayer *Indica* *9 weeks* *f1 polyhybrid*
- *Stonemason x Monkey Balls*. Indica powerhouses combine here with one of our local favorites, the Stonemason. Both are knock out indica strains and the Stonemason brings a little better flavor to the Monkey Balls blandness. Good luck staying awake with this one!

Load Off *50/50* *9 weeks* *f1 polyhybrid*
- *Pineapple Thai x Monkey Balls*. This is our attempt to bring a more sedative quality to the Pineapple Thai to hopefully increase the hash yields. Pineapple leaners and the ones we're looking for here and they should stand out soon, even in veg, with a quick stem rub. If your fingers smell sweet, you got it!

Strawberry Grease *Mostly Indica* *9 weeks* *f1 polyhybrid*
- *Strawberries & Cream f2 x Kashmir Azad*. Cannabis cup winner from Exotic Genetix meets the IBL from Kashmir that's making the rounds. Captain crunch berry terps should come out nice with the greasy buds produced by the Kashmir. Hold on to these.

Switchback *Slightly Indica* *9 weeks* *f1 polyhybrid*
- *Jack Light5 #1 x Kashmir Azad*. The OCC Jack Light5 #1 cut mixed up with the

Kashmir is bound to be a winner. Look for some awesome fast growing plants of big yielding, greasy nuggets with some old school Jack terps. Kashmir adds complexity to the Jack here. Dreamy euphoric high to be expected.

Final Curtain

Indica

9 weeks

f1 hybrid

- *Monkey Balls #6 x Kashmir Azad*. Purple musky nuggets of pure indica power collide with the awesome Kashmir line here. Expect some super dark phenos with quick vegging and fast flowering vigor.

Grease Pit

Mostly Indica

9-10 weeks

f1 polyhybrid

- *Granny Skunk #4 x Kashmir Azad*. Granny brings the funk and Kashmir brings the grease. Skunk indica lovers are going to have fun with this one.

Waddle

Hybrid

9-10 weeks

f1 hybrid

- *Big Sur Holy Weed #2 x Kashmir Azad*. Both these strains have get lost in your daydream kind of magic to them. Expect some awesome hybrid like highs and some vigor. Purple phenos too.
