# WHY CHOOSE THE URBAN COLLECTION?

## ✓ 9 X 60 – BIGGER LUXURY PLANKS

- Creates a more modern look
- Uniclic installation is fast and simple
- Uniclic profiles interlock securely, limiting the movement of boards when walked on, which reduces unwanted creaking sounds
- Equipped with Rigid Core technology for added resiliency

## ✓ ENHANCED WEAR LAYER

- 20 mil. planks utilize **UltraShield**, a special protective layer that resists scratches, stains, and water absorption
- 22 mil. planks utilize **DiamondDust**, an even more robust solution that guards against heavy traffic and busy scenarios

## ✓ PAINTED BEVEL

- Beveled edges reduce seams between planks
- Enhances overall aesthetic of the space

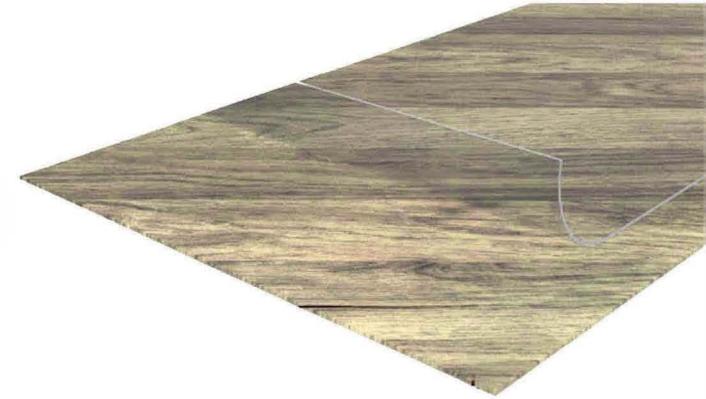

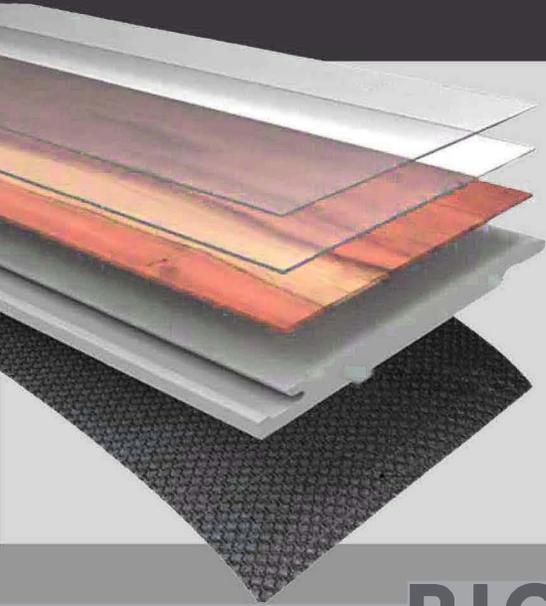

UltraShield

DiamondDust

# RESILIENT RIGID CORE FLOORING: The Superior Choice

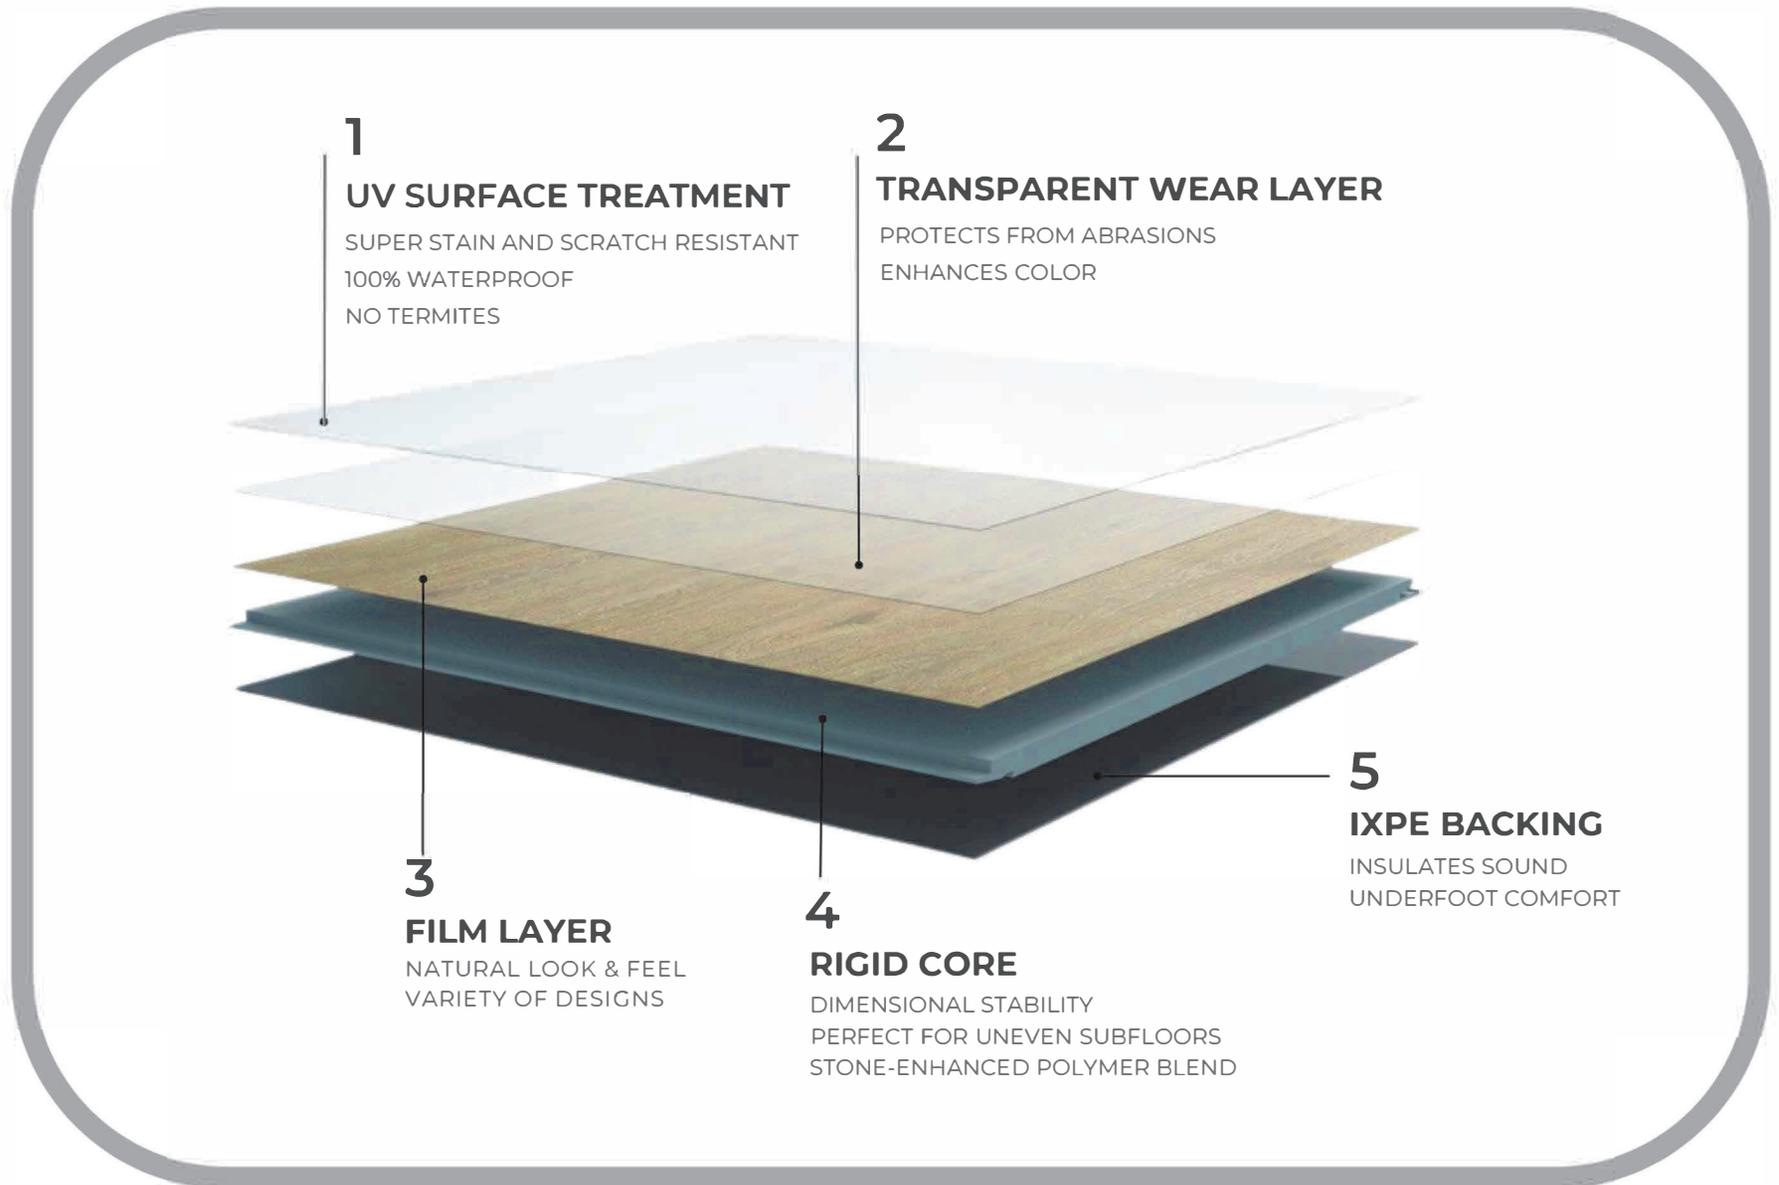

## RIGID CORE

- ✔ STONE COMPOSITE CORE (RIGID & STURDY)
- ✔ 100% WATERPROOF
- ✔ HIGH DURABILITY
- ✔ CAN BE INSTALLED OVER ROUGH/UNEVEN SUBFLOOR

## VINYL PLANK

- ⊖ PVC CORE (FLEXIBLE & SOFT)
- ⊖ WATER RESISTANT
- ⊖ LOW DURABILITY
- ⊖ MUST INSTALL OVER FLAT SUBFLOOR

# FLOOR MOLDING STYLES

## QUARTER ROUND

Helps cover imperfections and gaps between the base trim and the floor.

## STAIRNOSE

Acts as a stair edge, fitting over the front of a stair tread and protecting the edge of the tread from wear.

## T-MOLDING

Commonly used in doorways to join flooring in adjoining rooms.

## REDUCER

Used when two floors of different thicknesses meet.

## ENDCAP

Placed at the end of the flooring, usually to unify different material styles.

# FLOOR MOLDING BENEFITS

Floor moldings are essential in seamlessly transitioning one room to another. By eliminating gaps and cracks, moldings add an extra defense against debris, dust, and moisture. This reduces overall cleaning time while creating a **polished and sophisticated** aesthetic.
