

Dear Parents,

Throughout the year we have so many awesome moments and pictures of the kiddos having fun, learning and playing that we love to show case them and what we are doing in class. We would like to get your permission to use various pictures that your child might appear in while participating in classroom activities; for connecting through email, marketing & social media (Facebook, instagram, etc...). Please let us know your preference in this matter. As always we respect your wishes for your child and will adhere to your decision. Please let us know how you feel, sign this form and include it with your enrollment paperwork.

Thank you so much!

____ Yes, Seeds of Knowledge can use photos of my child participating in classroom activities.

____ No, Seeds of Knowledge can not use photos of My child participating in classroom activities.
