Assistant Principal

Brandy White
Assistant Principal

2025-2026

The stakeholders of Tate High School value the relationships and rich traditions built throughout the years. As such, we understand that our comments and posts on social media can be detrimental to the school and students. I understand that if I or a family member shed the school, a staff member, a coach, another student, or the program in a negative light online, it is grounds for immediate dismissal from the program. I also understand that inappropriate pictures or comments made to others' posts online can also lead to immediate dismissal from the program.
