## Career Experience

- **Tarleton Sports Network Production**, Stephenville, TX. Team Member. August 2019 - May 2023.
  - While working with Tarleton Sports Network I operated the Tricaster for many Division 1 ESPN football games. I was tasked with directing cameras for High School Football. I worked as an assistant where I helped retrieve information for stats or marketing. I have learned and operated cameras for Tarleton football games on the fly.
- **Tarleton Sports Network Internship**, Stephenville, TX. Sports Info and Production Intern. January 2023- May 2023.
  - While working as an intern for TSU I have written athletic bios for football and basketball, taken recruit pictures, operated baseball cameras for ESPN+ and filmed and assisted in tennis videos.
- **Muenster Enterprise**, Muenster, TX. Sports Writer and Advertising Sales. June 2023-Present.
  - I was offered my current position with the Muenster Enterprise during my senior year of college. My job at the Enterprise has consisted of writing high school sports stories for the paper and selling advertisement sports to local companies for the newspaper. At the paper, I was responsible for covering the majority of sports for Muenster High School, Lindsay High School and Sacred Heart High School, I wrote about football, volleyball, basketball, softball, baseball, track and field, etc. My sales position consisted of me contacting clients regularly, via phone or email, to pitch advertising opportunities for the paper. I had to maintain a good relationship with my clients and often had to reach out to new clients.
- **Gray Media- KXII News**, Sherman, TX. Sports Intern. August 2023- December 2023.
  - At KXII, I was a sports intern for the station. My internship consisted of covering high school sporting events. At KXII, I was expected to run camera equipment, film sports events for local high schools, colleges and some professional teams,

edit the footage and write scripts for the news. I had to learn quickly how to film sporting events, edit the footage I shot and prepare a script.
