market!

# OWNERSHIP

The entirety of the development process and all IP is done in-house.  
Maths / Design / Music

# GAME PLAY / UX?

Most game play is on mobiles

Most Concept games play genuine PORTRAIT – no compromises

Most players use their phones in PORTRAIT mode

# Tournaments

WE HAVE CREATED A POWERFUL TOURNAMENT MODEL.

01

Acquire

02

Retain

03

Reactivate

04

Engage

**Drive players to cash games directly within the  
Tournament application**

Operators can configure any type of event – free play / cash play / set prizes / pooled prizes...simply and quickly via our intuitive back end.

# LANGUAGES

Our games come in a huge variety of languages and if we don't have one....we will.

# CURRENCIES

Via our API we can use almost any FIAT currency We also have BTC and Mbtc enabled content

# BRANDED

Scope to brand games from simple insertions into table games, colour washes and symbol changes within slots.

# BESPOKE

Options include changes to an existing games' look and feel or a ground up approach for a totally new game - exclusive to the client.

# Technical Overview

Technically proven and adept

A deep understanding and delivery of customer services.

Commercially competitive
