In response to client requests and because we know, particularly in today's economic climate, financial flexibility, easy money management, discounts and savings are everyday necessities to most of us, we've taken some time to develop 3 **LHT Archangel Subscription Services**.

These are a cost-effective way to maintain a continuity of care and support to those who are committed to their healing and recovery journey, understand, and appreciate the importance of regular connection with LHT, and those looking to simplify and streamline their 360 whole person healing journey whilst benefiting from cost reductions.

There are **3 Archangel Levels**. Below is a matrix that outlines the key elements of each, as well as the total monthly costs and savings available, against Winter 2022 list prices. The savings are significant.

**Sessions:** These are 'instinctive', working closely with your therapist, enabling whichever combination of methods you both agree is most appropriate during the time allocated. Extensions on the day are also available. Specific services can also be requested.

**Nurture:** A one hour nurture session is included for all WHITE Archangel Subscriptions, over and above the instinctive sessions. Nurture sessions can include all massage services, reflexology, or a Chakra Balance.

**Check Ins:** These can be either via video call or message service. They can either be booked in advance for the month ahead or requested ad-hoc. These do not accumulate across months and therefore should be used within the month of your subscription.

**Payment Options:** Archangel Subscriptions are booked and paid monthly in advance by standing order, with a minimum 3-month contract commitment, except for the 1-month GOLD trial available for booking until the 1st of December 2022.
