**THE I AM AMERICA MENTORING PROGRAM** is a guided journey into the profound teachings of the Ascended Masters, designed to accelerate your Ascension and move beyond book learning into direct spiritual practice. Through one-on-one mentoring, you will establish a daily discipline that includes meditation, visualization, breath techniques, and the transformative power of the Violet Flame—all essential tools for purification, healing, and Spiritual Mastery.

This program is more than study—it is an experiential path. You will develop a living connection with the Ascended Masters, learning to recognize their presence, receive their insights, and integrate their wisdom into your daily life.

Students also explore Prophecy and Earth Changes, gaining a deeper understanding of how the current times are guiding humanity toward the Golden Age. Through the Masters’ unique perspective, you will learn how these great shifts are part of a divine plan, offering you the knowledge and spiritual tools to navigate this transition with clarity and purpose.

With direct mentorship, you will explore the Ascended Masters’ teachings and integrate their wisdom into your daily life, making steady progress in your Ascension Process.

### **STRUCTURED STUDY & GOLDEN CITY PILGRIMAGE TUTORIALS**

The program follows a structured curriculum, beginning with the I AM America Trilogy to establish core concepts. Students then advance into the Prophecy Series, learning about I AM America Maps, global prophecies, and the path to Oneness. The journey continues with the Golden City Series, where students explore Sacred Sites, lei-lines, multi-dimensional temples, and the Hierarchs of the Golden City Network. Special Golden City Pilgrimage tutorials guide students in working with the sacred energies of these real, mystical locations for spiritual transformation.

### **ADVANCED TEACHINGS & ENERGY INTEGRATION**

For deeper study, students receive instruction in specialized breath techniques to calibrate higher energy bodies, including the Group Mind, Diamond Mind, and the Multi-Dimensional Energy Bodies. Teachings also cover the Seven Rays of Light and Sound, emerging Ray Forces, and the intersection of spirituality and physics, including the Photon Belt and the Gold Ray.

Through this structured and progressive path, the I AM America Mentoring Program offers practical tools, profound insights, and direct support to help you accelerate your Ascension Process and deepen your connection to the Golden Cities.
