NOTE: Width and length dimensions of solid sinks and Lovello™ sinks are exterior measurements. Depth dimensions are interior measurements.

HI-MACS® SOLID SURFACE

HI-MACS® SHEET DIMENSION & WEIGHT

- 1/2" Thickness: 30" x 145", 126 lbs (760mm x 3680mm, 57kg)
- *3/8" Thickness: 30" x 145', 95 lbs (760mm x 3680mm, 43kg)
- *1/4" Thickness: 30" x 98", 45 lbs (760mm x 2490mm, 20kg)

The inch dimensions are nominal. All Colors are available in 1/2" thickness. Please contact your LG Hausys representative for other thickness(*) availability.

HI-MACS® BENEFITS

- Unlimited Design Options**
HI-MACS® can be thermoformed, cut, drilled, shaped, routed and joined together to accommodate a multitude of applications.
- Hygienic & Non-porous**
HI-MACS® is a non-porous surface and safe for food preparation. It is certified by NSF (National Sanitation Foundation) and approved for commercial food service, medical facilities, schools, hospitality and other businesses where hygiene is essential.
- Inconspicuous Seams**
When two sheets are combined, HI-MACS® can look like a continuous material.
- Easy Care**
HI-MACS® is easy to clean and does not need sealing or special products for maintenance.
- Renewable**
HI-MACS® can be restored to its original state like it is new. Deep scratches or damage may be restored by a certified professional.
- Environmentally Friendly**
The HI-MACS® production facility has reduced water waste output substantially each year. By re-purposing previously discarded materials and deploying an aggressive waste analysis and separation process, the solid waste output has been reduced by almost 90%.

THE NEW GENERATION OF INSPIRATION

There are no limits - The new generation of inspiration is here. Design has no boundaries and imagination leads the way. From functional kitchen surfaces and spaces to 3-dimensional installations, the unique properties of HI-MACS® solid surface material allows you to create what once could only be dreamed.

Darker colors tend to require more attention than lighter colors to maintain a uniform finish. Darker colors also require more maintenance to keep their "like new" appearance. Under typical use, they will show dirt, scratches, fingerprints, and watermarks more than lighter colors or patterns. Consult with your HI-MACS® specialist for the best use of these colors.
Printed representation of color may vary from the actual product. Please view the actual product prior to purchase.
*Search LG Hausys on NSF.org to see the listing of the certified HI-MACS® colors.
