

GAF ArmorShield®

SBS Modified IR Shingles

**They can take a punch so you
can take it easy.**

Protect your home and your peace
of mind. The shingles that can take
a punch are now tougher than ever,
with added protection against wind
and algae discoloration.

We protect what matters most™

Bend it. Bash it. Believe in it.

Asphalt is tough. But ArmorShield® Series Shingles with SBS Modified Asphalt — including Timberline® AS II SBS Modified IR Shingles and Grand Sequoia® AS SBS Modified IR Shingles — have added flexibility and durability to really take a punch. In fact, they're tough enough to pass the UL 2218 Class 4 Impact Resistance Test and may qualify for insurance discounts.^{1,2}

UL 2218 Class 4 Impact-Resistance Test³

A 2" steel ball is dropped twice from a 20-foot height onto various target locations to evaluate the shingles' ability to withstand the impact.

Results on a standard shingle:
Evidence of visible ruptures or cracks through the shingle immediately after impact.

Results on a Class 4 shingle:
No evidence of ruptures or cracks through the shingle immediately after impact.

¹ Hail damage not covered under GAF limited warranties.

² Insurance discounts may not be available in your area. Where available, insurance discounts may vary. Contact your insurance provider for information.

³ Test performed under controlled laboratory conditions.

Give your roof an extra fighting chance against Mother Nature

ArmorShield® Series Shingles also offer excellent wind performance meeting the Class F wind rating from Underwriters Laboratories — the highest wind rating possible. Dura Grip™ Adhesive seals each shingle tightly and reduces the risk of shingle blow-off.

Thanks to LayerLock® Technology, Timberline® AS II Shingles are eligible for a 15-year WindProven™ Limited Wind Warranty with no maximum wind speed limitation when installed with the required combination of GAF Accessories.³

And finally, they both come with a 25-year StainGuard Plus™ Algae Protection Limited Warranty against blue-green algae discoloration, and proprietary Time-Release Technology that releases algae-fighting copper steadily, over time, for long-lasting algae-fighting power.⁴

³ 15-year WindProven™ Limited Wind Warranty on GAF Shingles with LayerLock® Technology requires the use of GAF Starter Strips, Roof Deck Protection, Ridge Cap Shingles, and Leak Barrier or Attic Ventilation. See *GAF Roofing System Limited Warranty* for complete coverage and restrictions. Visit gaf.com/LRS for qualifying GAF products. For installations not eligible for the *GAF Roofing System Limited Warranty*, see the *GAF Shingle & Accessory Limited Warranty*.

⁴ 25-year StainGuard Plus™ Algae Protection Limited Warranty against blue-green algae discoloration is available only on products sold in packages bearing the StainGuard Plus™ logo. See *GAF Shingle & Accessory Limited Warranty* for complete coverage and restrictions, and qualifying products.

Beauty — and a beast

You'd never know it by looking at these beauties, but these Timberline® AS II Shingles are an absolute beast in the laboratory, meeting UL's toughest impact resistance standard: UL 2218 Class 4. We've engineered them to give your roof a fighting chance in hail-prone areas,¹ help protect it against wind and blue-green algae, and look amazing all at the same time.

¹ Hail damage not covered under GAF limited warranties.

Weathered Wood

The perfect neutral color, Weathered Wood complements a broad range of hues and works well with sage, cream, ivory, and beige.

Note: It is difficult to reproduce the color clarity and actual color blends of these products. Before selecting your color, please ask to see several full-size shingles.

Slate

The perfect neutral color, Slate complements a broad range of hues and works well with sage, cream, ivory, and beige.

Hickory

Hickory is the most neutral of shades and works wonderfully with blues, grays, whites, yellow, gold, sage, and green.

Note: It is difficult to reproduce the color clarity and actual color blends of these products. Before selecting your color, please ask to see several full-size shingles.

Pewter Gray

Pewter Gray can add dramatic counterpoint to contemporary exterior color palettes, as well as to stucco or brick facades.

Shakeswood

An appealing blend of browns, tans, and gold, warm radiant Shakeswood pairs equally well with neutral beige and clay tones, as well as deeper jewel tones.

Note: It is difficult to reproduce the color clarity and actual color blends of these products. Before selecting your color, please ask to see several full-size shingles.

Barkwood

The neutral brown Barkwood emulates wood and coordinates well with warm colors like beige, taupe, cream, gold, and yellow.

Charcoal

Charcoal is the most neutral of shades, and works wonderfully with blues, grays, whites, yellow, gold, sage, and green.

Note: It is difficult to reproduce the color clarity and actual color blends of these products. Before selecting your color, please ask to see several full-size shingles.

Designed for Impact

For a striking rugged wood-shake look in a UL 2218 Class 4 shingle, make a real impact with Grand Sequoia® AS SBS Modified IR Shingles. Their artisan-crafted shapes, oversized tabs, and thick dimensional profile deliver a sophisticated beauty that will make your roof stand out in any neighborhood.

Color shown: Charcoal

Weathered Wood

The perfect neutral color, Weathered Wood complements a broad range of hues and works well with sage, cream, ivory, and beige.

Charcoal

Charcoal is the most neutral of shades, and works wonderfully with blues, grays, whites, yellow, gold, sage, and green.

Adobe Sunset

Soft browns, accented with rich red undertones create the look of authentic clay shakes.

Dusky Gray

Reminiscent of the magic hour known as the gloaming, this deeply shadowed gray elegantly accents warm yellows and beiges.

Note: It is difficult to reproduce the color clarity and actual color blends of these products. Before selecting your color, please ask to see several full-size shingles.

Seal-A-Ridge® AS

ArmorShield® SBS Modified IR Ridge Cap Shingles

Reinforce your first line of defense

Seal-A-Ridge® AS SBS Modified Ridge Cap Shingles offer protection at high-stress areas of your roof (the hips and ridges) and are designed to complement the color and style of your Timberline® AS II Shingles or Grand Sequoia® AS SBS Modified IR Shingles.

Add the perfect finishing touch to your new roof while providing extra protection against severe weather with the impact-resistant ridge cap shingle manufactured by GAF.

- Accentuate the beauty and color of your newly installed shingle roof
- Protect against leaks and blow-offs at the hip and ridge areas of your roof
- Include a 25-year StainGuard Plus™ Algae Protection Limited Warranty against blue-green algae discoloration¹

¹ 25-year StainGuard Plus™ Algae Protection Limited Warranty against blue-green algae discoloration is available only on products sold in packages bearing the StainGuard Plus™ logo. See *GAF Shingle & Accessory Limited Warranty* for complete coverage and restrictions, and qualifying products.

¹ Lifetime refers to the length of warranty coverage provided and means as long as the original individual owner(s) of a single-family detached residence [or eligible second owner(s)] owns the property where the qualifying GAF products are installed. For other owners/structures, Lifetime coverage is not applicable. Lifetime coverage on shingles requires the use of GAF Lifetime Shingles only. See the *GAF Shingle & Accessory Limited Warranty* for complete coverage and restrictions. Visit gaf.com/LRS for qualifying GAF products.

² Periodically tested by independent and internal labs to ensure compliance with ASTM D3462 at time of manufacture.

³ 1 square = 100 sq. ft. (9.3 m²)

It's a system, built to protect

You won't find a shingle that surpasses Timberline® on toughness, wind uplift, resistance, flexibility, and fire resistance. That's why every Timberline® AS II SBS Modified IR Shingle comes with GAF's transferable Lifetime† Limited Warranty plus the backing of the Good Housekeeping Seal.¹

In fact, all the layers of the GAF Lifetime† Roofing System are engineered to work together to help protect your home from the impact of weather.

¹ Timberline® ArmorShield™ II SBS Modified IR Shingles have earned the prestigious Good Housekeeping Seal, which means that Good Housekeeping stands behind these products. (Refer to *Good Housekeeping Magazine* for its consumer protection policy. Applicable in U.S. only.)

² 10-year StainGuard® Algae Protection Limited Warranty against blue-green algae discoloration is available only on products sold in packages bearing the StainGuard® logo. See *GAF Shingle & Accessory Limited Warranty* for complete coverage and restrictions, and qualifying products.

The GAF Lifetime[†] Roofing System

Ridge Cap Shingles

The finishing touch that helps defend against leaks at the hips and ridges

Cobra[®] Attic Ventilation

Helps reduce attic moisture and heat

Lifetime[†] Shingles

Beautify and protect for years to come

Starter Strip Shingles

Helps guard against shingle blow-offs

Roof Deck Protection

Helps shield the roof deck from moisture infiltration

Leak Barrier

Helps prevent leaks caused by wind-driven rain and ice dams

Install any GAF Lifetime[†] Shingle and at least 3 qualifying GAF Accessories and get a Lifetime[†] Limited Warranty on your qualifying GAF products plus

non-prorated coverage for the first 10 years. For even stronger coverage, ask your GAF certified contractor¹ about enhanced GAF warranties.

[†] Lifetime refers to the length of warranty coverage provided and means as long as the original individual owner(s) of a single-family detached residence [or eligible second owner(s)] owns the property where the qualifying GAF products are installed. For other owners/structures, Lifetime coverage is not applicable. Lifetime coverage on shingles requires the use of GAF Lifetime Shingles only. See the *GAF Shingle & Accessory Limited Warranty* for complete coverage and restrictions. Visit gaf.com/LRS for qualifying GAF products.

¹ Contractors enrolled in GAF certification programs are not employees or agents of GAF, and GAF does not control or otherwise supervise these independent businesses. Contractors may receive benefits, such as loyalty rewards points and discounts on marketing tools from GAF for participating in the program and offering GAF enhanced warranties, which require the use of a minimum amount of GAF products.
