- **"SUNRISE & SUNSET" Lyrics**

(Verse 1)

In the stillness of morning light, hopes begin to soar
The world holds its breath, waiting for what's in store
Golden rays kiss the earth, waking life from its dreams
Whispers of the sunrise, dance in fields & streams
The earth comes alive, painted in hues so bright
Sundrops of dew sparkle, under the soft daylight
And in that moment, time stands still
The slow rhythm of every heart begins to thrill

(Chorus)

Country sunrises, where stories intertwine
Every footstep together, hearts aligned
With you by my side, let the horizon display
The magic of a sunrise ... to love you another day

(Verse 2)

Evening brings its canvas, a sunset's crimson flare
Painting skies in shades of love, with beauty laid bare
Stars begin their twinkle, like dreams that come to play
As we breathe in the twilight, watching daylight fade away
And as the colors melt into the night
We'll hold each other close, all feels right

(Chorus)

Country sunsets, where stories intertwine
Every footstep together, hearts aligned
With you by my side, let the horizon dim its light
The magic of a sunset ... to love you another night

(Bridge)

Let's chase every golden hour, whether night or early morn
The horizon of boldness, where memories are born

(Verse 3)

Every sunrise brings a promise, a new sky shines
Every sunset wraps us softly, in evening's quiet times
Together we'll walk hand in hand, as the stars align
Our hearts are one ... I am yours & you are mine

(Outro)

From dawn to dusk, & the sun's tender glow
How lucky are we, to be in love, & know
Markers of time, for another day & night
Sunrise & Sunset ... with you, all is right
Sunrise & Sunset ... with you, all is right
