

- **"THIS IS OUR TIME ~ THE GREATEST SHOW ON EARTH" Lyrics**

(Intro)

The stage is set, the lights ignite
 beneath the stars, we seize the night
In every heartbeat, heaven high
 our story written in the sky

(Verse 1)

Life is more than just a scene
 it's every moment in between
From laughter shared to whispered dreams
 the curtain rises, hope redeems
We're all cast, we're all stars
 in this life's greatest bazaar
Together we will laugh, we will cry
 this is our moment, we will fly
This journey we embrace, it's ours to choose
 no whispers left unturned, no dreams to lose
We are the dreamers, we take the stage
 life is the book, it's ours to page

(Chorus)

This is Our Time, we shine so bright
 The Greatest Show on Earth tonight
Feel the magic, hear the call
 together, we can rise, together, we stand tall
No regrets, just love & cheer
 in the spotlight, it's crystal clear
This is Our Time, the show must go
 as we create the stories only we can know

(Verse 2)

In every glance, a spark ignites
 we dance through shadows, the world so bright
With every heartbeat, we write the tune
 the rhythm of life, beneath sun & moon
Ascension guides us, lighting the way
 through laughter, through tears, we dare to play
When love's the producer, we're never alone
 the greatest show, together we've grown
We're Shamans of moments, with stories to tell

in this grand theater, we all excel
Take a seat in your heart, let the story unfold
share the warmth, let the truth be bold

(Chorus)

This is Our Time, we shine so bright
The Greatest Show on Earth tonight
Feel the magic, hear the call
together, we can rise, together, we stand tall
No regrets, just love & cheer
in the spotlight, it's crystal clear
This is Our Time, the show must go
as we create the stories only we can know

(Verse 3)

Standing together, we're hand in hand
our voices many, like grains of sand
To every heartbeat, we give our praise
on this stage of life, we leave a blaze
With every twist, every turn of fate
we create our own, & it feels so great
We are the stars of our own play
cheering for one another, every day

(Outro)

So step into the light, feel your heart embrace
together forever, this magical space
As the final curtain begins to descend
we are more than actors, we are friends till the end
This is Our Show, our hearts align
the spotlight's ours, this moment divine
This is Our Time, the Greatest Show on Earth
we've prepared for this, since our birth
This is Our Time ... the Greatest Show on Earth
