### **"First to Arrive" ~ Tribute to 1<sup>st</sup> Responders ~ Lyrics**

#### **(1st Verse)**

Police Officers, senses keen  
Blue Lights & siren, rushing to a scene  
Running toward danger, enforcing the law  
Restoring peace, safeguarding all  
Noble Blue Knights, helping people in need  
The Badge ... the Shield ... A courageous breed

#### **(Chorus)**

First Responders, every city & town  
Men & women of honor, duty bound  
A calling of purpose, twenty-four, seven  
They are Heroes, Protectors from Heaven  
Danger & risk, to keep others alive  
American Police ... First to Arrive

**(2nd Verse)**

Firefighters, eating smoke, heat & steam  
Axes & hoses, slaying dragons, as a team  
A full cone spray, with helmet & air  
Rescue is the job, only the few dare  
Their trucks are big, but there's a bigger part,  
Duty ... Service ... A Firefighter's Heart

**(Chorus)**

First Responders, every city & town  
Men & women of honor, duty bound  
A calling of purpose, twenty-four, seven  
They are Heroes, Rescuers from Heaven  
Danger & risk, to keep others alive  
American Firefighters ... First to Arrive

**(3rd Verse)**

Ambulances, Paramedics & EMTs  
Heart attacks & breathing, pains to ease  
Trauma & ODs, night & day  
Restoring life, avoiding DOA  
Precious moments, stabilize & repair  
Angels with IVs ... Heroes of Critical Care

**(Chorus)**

First Responders, every city & town  
Men & women of honor, duty bound  
A calling of purpose, twenty-four, seven  
They are Heroes, Healers from Heaven  
Danger & risk, to keep others alive  
American Medics ... First to Arrive

**(Outro)**

Police & Fire, Medics, too  
Blue & red lights, the brave, the few  
A calling of purpose, twenty-four, seven  
They are Heroes, Warriors from Heaven  
Danger & risk, to keep others alive  
Thank God, for American Responders ... The First to Arrive
