"Goddess of the Heart" Lyrics

(Verse 1)

Goddess of the Heart, pure & true
Sharing love, with all, the many & few
Traveling the world, in different places
Touching happy hearts, & smiling faces
Nurturing the struggles, pain & strife
Live in your heart, for a wonderful life
Life is good, you're its brightest star
Goddess is alive, remember who you are

(Chorus)

Goddess of the Heart, seen & unseen
Mystery & real, lucid as a dream
Always present, day & night
Lighting every heart, so full & bright
Call to Her, She will always hear
Listen to your Heart, she is always near
Wherever you may be, even a distant star
Remember always, who you are
Goddess is alive, Goddess is true
Goddess is Within ... She is You

(Verse 2)

Feminine Divine, wholeness & source
She lights your path, you choose the course
She & He are One, all & part
Expand your mind, embrace your Heart
Trust yourself, be Awesome, as you can be
Beauty inside & out, knowing this, is key
Perfect in every way, a Divine Light on Earth
Awesome, Beautiful, Perfect, since your birth

(Chorus)

Goddess of the Heart, seen & unseen
Mystery & real, lucid as a dream
Always present, day & night
Lighting every heart, so full & bright
Call to Her, She will always hear
Listen to your Heart, she is always near
Wherever you may be, even a distant star
Remember always, who you are
Goddess is alive, Goddess is true
Goddess is Within

(Verse 3)

You are more than you sense, feel or know
Your Heart is your power, your infinite glow
The Goddess lives deep, within your soul
She lives in every part, you both are whole
Love is always present, so be the love
With all that is around, below & above
Goddess is alive, Goddess is true
Goddess is Within ... She is You

(Chorus)

Goddess of the Heart, seen & unseen
Mystery & real, lucid as a dream
Always present, day & night
Lighting every heart, so full & bright
Call to Her, She will always hear
Listen to your Heart, she is always near
Wherever you may be, even a distant star
Remember always, who you are
Goddess is Within, Goddess is true
Goddess is (Within/Alive) ... She is You ... She is You ... She is You
