- **Back Story**

"AMERICA 250" is part of EarthStar Music's Country Collection, written to celebrate & honor 250 years (Anniversary/Birthday) of America the Beautiful ... The song is a tribute to the enduring spirit of a free nation – a Republic built on courage, faith, sacrifice, perseverance & the belief that liberty is a God-given right ... From the "shot heard around the world" at Lexington & Concord to the vision of "a more perfect union" shaped by our Founding Fathers & Mothers, America's story has always been carried forward by ordinary people, living free & doing extraordinary things.

Through blood, sweat & tears, America has endured revolution, civil war, depression, world wars & times of great uncertainty ... Yet through every trial, the nation has risen again – stronger, wiser & still reaching toward its highest ideals ... The song reflects that long journey ... westward expansion, railroads & industry, cities & towns, churches & homes, service at home & abroad & the countless hands that built a country stretching from sea to shining sea.

At its heart, "AMERICA 250" is a reminder that freedom is not merely a chapter in our history – it is a responsibility passed from one generation to the next ... It calls us to remember those who served, those who sacrificed, those who labored, those who prayed & those who believed that America could remain a beacon of hope for people seeking the chance to think free, speak free, live free & raise a family for a better future.

As we celebrate America's 250th year, this song invites every listener to reflect with gratitude, stand with pride & carry forward the promise of

~ *E Pluribus Unum* ... "Out of Many, We are One." ~

May "AMERICA 250" inspire a renewed love of God, Country, Family & Freedom ... & may Freedom ring in every American's Heart for generations to come ... God Bless the greatest nation on this planet, the United States of America ... Home of the Brave & Land of the Free ... Happy Birthday, America, 1776 ~ 2026.

Thank you for supporting this musical endeavor ... The song is available on major streaming platforms ... Aloha, Dale & Jeanne

- "AMERICA 250" Lyrics

(Verse 1)

A more perfect union, a righteous goal
With hard work & grit, resolute & bold
Our founding fathers, George Washington, Adams, too
Madison & the Constitution, made the Republic true
Jefferson grew the land, westward bound
Lewis & Clark, took the challenge, West Coast found
From Lexington & Concord, the shot heard 'round the world
Freedom rang ... for every man, woman, boy & girl

(Chorus)

America the Beautiful, Two Hundred & Fifty years
Built by steadfast men & women, blood, sweat & tears
We protected our Country, at home & abroad
Built churches & towns, & prayed to God
America stretches, from sea to shining sea
Across the fruited plain, & purple mountain majesty
Out of many, We are One, in whole & every part
America Two-Fifty ... Freedom is America's Heart

(Verse 2)

Civil War scarred our Nation, brother against brother
Fathers & sons perished, mourned by their mothers
We rose from the ashes, determined & strong
The West & railroads, expanded America's song
Industrial Revolution, employment for everyone
Factories & cities, replaced cowboys & guns
America survived a Depression, & 2 world wars
People flocked to America ... for Freedom on our shores

(Chorus)

America the Beautiful, Two Hundred & Fifty years
Built by steadfast men & women, blood, sweat & tears
We protected our Country, at home & abroad
Built churches & towns, & prayed to God
America stretches, from sea to shining sea
Across the fruited plain, & purple mountain majesty
Out of many, We are One, in whole & every part
America Two-Fifty ... Freedom is America's Heart

(Verse 3)

Another century of Liberty, as we travel into space
Freedom is God-given, every country, every place
From every city, every county, & every town
Patriotism thrives, in every smile & handshake, found
We take our post, & man the wall, Home of the Brave
Freedom is our anthem, in every Star Spangled wave
United States of America, a blessed & sacred land
God, Country, Family & Freedom ... Together, hand in hand

(Chorus)

America the Beautiful, Two Hundred & Fifty years
Built by steadfast men & women, blood, sweat & tears
We protected our Country, at home & abroad
Built churches & towns, & prayed to God
America stretches, from sea to shining sea
Across the fruited plain, & purple mountain majesty
Out of many, We are One, in whole & every part
America Two-Fifty ... Freedom is America's Heart

(Outro)

United States of America, red, white & blue
Freedom rings in hallowed halls, every home, every pew
Proud to be Americans, unwavering in our cause
Freedom is our right, protected by our laws
A duty so solemn, to honor, each & every day
America Two-Fifty ... God Bless the USA
America Two-Fifty ... God Bless the USA
