- **Back Story**

"Light of Magdala" was written to celebrate the Easter Holy Week, March 29-April 5, 2026 ... Also to recognize the Power of the Divine Feminine through Yeshua/Jesus' wife, Mary Magdalene, & their combined energies of love & healing, the White Light of Christ & the Pink/Rose Light of Mary of Magdala ... The first miracle performed by Jesus was at their wedding in Cana, by turning water into wine, John 2:1-11...

Mary of Magdala's reputation was erroneously concocted by the belief that she was a prostitute by Pope Gregory the Great, 591 AD, who conflated her with a "sinful woman" in Luke 7 ... This false assumption has been/is used to deny the feminine power within our Christian congregations in the past ... Thank goodness we are more enlightened now, as the Divine Feminine is the "Glory" of our faith, & the Divine Masculine is the "Power" of our faith (Lord's Prayer) ...

Biblical References about Mary Magdalene:

~ Role as Disciple: The Gospels portray Mary Magdalene as a devoted disciple who traveled with Jesus & supported his ministry financially ... (Yes, she had money, along with her uncle, Joseph of Arimathea, who supplied the tomb for Jesus to be interred.) ...

~ First Witness: She was present at the crucifixion & was the first person to see Jesus after his resurrection ... (Wonder why she was the first??? ... Wife??? ... Definition of an "apostle" is one who witnessed the crucifixion & resurrection ... & yet Mary is not identified as one of the "12 Apostles")

...

~ No Link to Prostitution: The New Testament never identifies her as a prostitute or sexually immoral ... (Thank you, Pope Gregory the Great, for diminishing the role of women in Christianity ... by the way, where are the female priests????) ... If you personally want to explore any of this info, go to the Source ... Ask Yeshua & Mary in prayer/meditation with an open heart ...

Another important reason for the song/video is the HEALING aspect of the "Light of Magdala" (Magdala is the name of the town) ... Visualize a pink ray, radiating from a reddish/pink rose ... Allow this energy to flow into your body for healing ... Work with the Magdala energy alone, or combine this beautiful Magdala Pinkish Ray with your other modalities of energy healing, such as Reiki, Huna, White Christ Light, etc. ...

Hope the vibe promotes healing & honors your relationship with Mary of Magdala & Yeshua ... Place the song on repeat for a continuing healing session for you & others ... Be Calm ... Be Healed ... Be Love ... Be Well ... Song is available on major streaming platforms ... Aloha, Dale & Jeanne

"Light of Magdala" Lyrics

(Verse 1)

We started in Cana, the day we were wed
A love-filled union, many vows were said
I loved you & you loved me,
Yeshua & Mary, Blessed by God, for all to see
Many friends feasted, to celebrate this day
Our Soul Lights combined, in one glorious ray
The White Light of Christ, filled everyone's soul
& with the Rose Light of Magdala, we felt whole

(Chorus)

I am the Rose Light of Magdala, God's Light too
The Light of your heart, so pure & true
God is within, be healed & be free
Listen to the Light, feel it & see
Our spirit is one, let love fill your soul
The Light of Magdala ... be healed ... be whole

(Verse 2)

Life can be harsh, life can be good
Be strong in mind, release the could & should
Follow your heart, it will light your way
Filling your life, with beauty, every single day
Keep your body sturdy, mindful of its needs
Working with purpose, with all your deeds

(Chorus)

I am the Rose Light of Magdala, God's Light too
The Light of your heart, so pure & true
God is within, be healed & be free
Listen to the Light, feel it & see
Our spirit is one, let love fill your soul
The Light of Magdala ... be healed ... be whole

(Verse 3)

Be calm, be healed, be loved, be well
Don't let life be defined, from when you fell
Stand up, stand tall, there's more life to live
You are infinite, with much love to give
Be a child of God, know this is true
Be the Light of Magdala, be the best you

(Chorus)

I am the Rose Light of Magdala, God's Light too
The Light of your heart, so pure & true
God is within, be healed & be free
Listen to the Light, feel it & see
Our spirit is one, let love fill your soul
The Light of Magdala
Be healed ... Be whole
