## Tata Safari

### Basics

Tata Safari is basically a 6/7 seater version of the Tata Harrier. Tata brought back the Safari name to attract customers with the iconic brand name that Safari has. The Tata Safari like Harrier gets the same engine and transmission options. The Safari is approximately around Rs.1,00,000 costlier than the Tata Harrier when compared variant by variant. Tata Safari is identical to Harrier in looks with little material tweaks here and there, but the major difference comes in the rear where it gets all new design.
