

UNITY CHARGING CART

NT-Unity-CC88

Stores, Charges,
and Transports 32 Devices

NADIV TECHNOLOGIES

Unity Charging Cart

- ⚡ Equipped with three extendable shelves, accommodating up to 32 devices.
- ⚡ Features optimized ventilation through dividers and frame for efficient cooling.
- ⚡ Delivered fully assembled—ready to use with plug-and-play functionality.
- ⚡ Offers customizable colors at no extra charge.
- ⚡ Constructed with a durable, high-quality steel frame for long-lasting performance.
- ⚡ Tailored for both commercial and educational applications.
- ⚡ Includes a lifetime frame warranty, a 2-year warranty for USB-C charging hubs, and a 1-year warranty for power banks.
- ⚡ Certified to meet CE and RoHS standards.

Key Features

Efficient Cable Management:

The cable management system positions connections at the front of the cart, reducing strain on cables to enhance durability and minimize maintenance needs.

Smart Timer Power Management:

Features a power management system with three customizable charging modes for flexible and efficient operation.

UV Sterilization:

Integrated UV sterilization eliminates germs and viruses quickly, promoting a healthier environment for users.

Advanced Cooling System:

Ensures optimal device performance by preventing overheating during storage.

Silent Swivel Casters:

Designed for smooth, noise-free mobility, ideal for sensitive environments.

Enhanced Build Quality:

Superior craftsmanship extends to every detail, including durable buttons and switches, ensuring reliable long-term performance.

Specifications

Model	NT-Unity-CC88
Device Capacity	Accommodates up to 32 devices with a maximum size of 15.6" notebooks.
Material	Durable steel structure for long-lasting use.
Wheels	Four high-quality, 5-inch ball-bearing wheels for smooth mobility, with braking options (two or four brakes available).
Charging	USB-C 65W Smart Charging
External Option	Features an external on/off button with an indicator light for convenient operation.
Electric Parameter	Input Voltage:110V-240V Rated current 10A 50/60Hz

Power Management System	Smart Power Management System with built-in power protection.
Device Trays	ABS plastic dividers with integrated cable management
Cooling	Divider and frame integrated ventilation
Door Locking System	Doors open to a full 180 degrees and include a 3-point locking system for enhanced security.
Color	Black, White, or Custom
