Angeli	258 3/4	529	402	534	1465
Koenekamp	248	-578-	BOMB		

- * - indicates new Open meet record
- indicates new Masters meet record

The 12th annual Fire Fighters Olympics Powerlifting Championships were once again a huge success. A crowd of approximately 700 screaming fire fighters and lifting fans were treated to some very exciting liftings and 10 new open meet records and 5 new Masters meet records. 37 lifters started in the competition but only 32 made totals as inexperience and the bombout took it's toll of five men.

The meet ran very smoothly and efficiently thanks to the many enthusiastic members of the Magnum Team and other volunteers such as Don Haley, Bill Ennis and Ted Mossbarger who did an outstanding job as referees. The new elevated lifting platform built by Tom Eldridge, the sliding scoreboard, and the outstanding job announcing by Roger Bolton also contributed heavily to the success of the meet. The audience was very appreciative of the elevated platform. An outstanding job of scorekeeping was done by Jeanine Eldridge, Candi Wilson and Jackie McElwain. Bill Hartmann and Mary Eldridge say some duty in the referee chairs also. Spotter/Loaders Tom Harris, Dom Licavoli, Mike Alford, Jimmy Gonzalez did an outstanding job and saved the day more than once. Expeditors John Wilson and Doug Travis, Sue Cox and Lance Travis on scoreboards all contributed heavily to the success of the meet and deserve all the thanks possible. I love 'em all and if I missed anybody, I'm sorry but they know I appreciate their help and I do thank one and all from the bottom of my heart.

NOTE - - The only sour note of the entire competition was discovered the next day when we had to remove all the equipment from the hotel. One brand new ELITE deadlift bar and two (2) 20 Kilo plates turned up missing. If anyone knows anything about their whereabouts, please contact Tom Eldridge or Bill Hartmann at (213)446-7048 or (213) 448-8981 as this equipment was their personal property and they would certainly get it back. These people contribute a lot to the sport of powerlifting and it's a damn shame that some ingrate has to walk off with some very valuable equipment.
