AREA OF EXPERTISE:

Over 40 years of experience as a Civil/Construction Engineer in the planning, engineering and construction quality assurance of Residential, Commercial, Industrial building site improvement and infrastructure repair/maintenance projects. I have extensive engineering and construction expertise in identifying and resolving defective earthwork/grading methods, storm water drainage and erosion control practices, concrete driveway and sidewalk installations; asphalt pavement and parking lot maintenance; water and sewer utility infrastructure construction.

EDUCATION:

Bachelor of Science Civil Engineering - 1975
Structural/Construction Engineering
Purdue University
West Lafayette, Indiana

Master of Business Administration - 2004
Management/Quality Assurance
Edgewood College
Madison, Wisconsin

REGISTRATIONS/CERTIFICATIONS:

Professional Engineering Registration
State of Wisconsin State of Illinois
State of Iowa State of Indiana
State of Minnesota State of Michigan

Wisconsin Soil Erosion Inspector Certification
ATC 45 – Building Safety Inspector Certification
“Wind-Storm/Flood Damage Assessments”

PROFESSIONAL ASSOCIATIONS:

National Society of Professional Engineers
American Society of Civil Engineers
ASCE - Construction Institute
North American Stormwater & Erosion Control Association

PROFESSIONAL EXPERIENCE:

2018-PRESENT:

Principal Civil Engineer/Consultant providing professional engineering services involving forensic engineering, litigation support and expert opinion testimony on defective residential/commercial and industrial building site infrastructure design, construction and maintenance practices.

2010-2018:

Senior Civil Engineer for Resource Engineering Associates; performing project planning & engineering functions relating to building site improvements; stormwater management and soil erosion control practices; along with construction quality assurance on a variety of agriculture, residential/commercial and industrial site development projects throughout the upper Midwest

2005-2010:

Civil Engineer Manager for Ruedebusch Development & Construction; performing project development & engineering functions relating to building site design and storm water management practices on commercial/industrial site development projects throughout Wisconsin, Illinois, Indiana, Iowa and Minnesota

1997- 2002:

Construction Contract Administrator for Potter Lawson Architects; performing A/E design coordination, project scheduling, cost control and contract claims resolution on Public/Private Institutional projects throughout Wisconsin.

1985-1997:

Civil/Construction Engineering Consultant (Owner's Representative) performing program/construction management and quality assurance functions on a Regional Airport Terminal/Parking Facility and various Public/Private Institutional Building projects throughout Southern Wisconsin

1975-1985:

Resident Civil Engineer performing construction engineering and quality assurance functions on various Highway/Bridge/Utility Infrastructure projects throughout City of Chicago and Northern Illinois.
