

Dear Human Family of the World:

Nobody likes to talk about bad news: food and water storage, death, ignorance, indoctrination, trans-human agenda, totalitarian government, mind-control, vaccination, micro-chipping. But I must address these issues because it is very important that the mind and body be strong mentally in spirit, truth, and courageous in love, with a balanced right and left brain to stay well and do inner work on the Self: Emotional, Spiritual, Physical, Intellectual, Imagination, and Tactical.

Our physical health and immune system now is the time to start to pay attention to this matter. Respect your body and do not consume or inject poison into your most valuable asset, your body the temple of infinite worth. Respect your body also means your organic body needs you to heal, need nature energy and plants to heal, need love and light to heal. In nature, there is a healing plant for every illness. Do not run to the experts and inject poison (vaccine) into your body.

1) PREPARATION FOR THE 2ND LOCKDOWN AND FOOD STORAGE.

The 1% Global Elites are bringing out their advance technology against the people of the Earth: Earthquakes & Weather Modification, Direct Energy Weapons (DEW), and other underground technology. Beside the paid foot Agents setting fire on the forest, DEW was being used to burn down the rural, farm, and forest area. There is going to be food storage and/or the food price will be going up. I suggest you buy seal container and start emergency food storage to keep in your room. Use special seal tight container with special air bags to keep the dry food (beans, grains, and rice) and fresh to avoid insects from getting inside.

FRESH WATER is very important, for without it, we will be limited from cooking our food. The ruling Psychopaths are programming and conditioning the mass about the narrative of limited water resource. They are selling the false narrative of limited water resource and have local government implementing their drought policy by having water usage laws of what we can and cannot do. The truth about water is there is abundance of primary water deep underneath the earth surface as there is an abundance of ocean water. (Primarywater.org) But because of laws and regulation from the ruling psychopaths, people are not to be independence from their system. In rural area where there is barely any government service, if you try to dig for water, a permit is required. In urban area, they will cite you if you try and will possibly steal your land if you insisted on opposing them. To solve the fresh drinking water shortage in case they decide to pull the water plug,

this new technology popular in Africa, but not yet in North America, is an AIR TO WATER GENERATOR, it is a machine that can generate gallons of fresh drinking water per day from sucking air. I suggest you get one, and have a back up power grid especially for the water generator.

BACK-UP ALTERNATIVE ENERGY POWER:

(<https://www.thriveon.com/>) A man from Zimbabwe named Sangulani (Maxwell) Chikumbutso, claimed to have successfully created an electric powered system that has the ability to charge itself, taking energy from electromagnetic waves that exist all around us and are naturally present in our environment. This is what Nikola Tesla's work was all about but was crushed by Morgan Stanley during his time. For now, we can find an alternative back-up electrical energy system like a wind turbine or a solar panel as a go to energy source for the air to water generator in case there is an indefinite black-out emergency, since their front man – Joe Biden kept hinting the term “Dark Winter” on the news. Storage of back up food supplies is not good enough if there are no water supplies

FOOD WASTE: If you have a yard space, make it a habit to bury your food waste into the soil to make the soil good for growing edible plants or edible weeds. There is a good chance that seeds from the food waste will grow into edible plants by accident if given the right soil condition.

2) NATURE THE HEALER.

PLANTS-BASED HEALING VS. SYNTHETIC PETROLUM

CHEMICAL HEALING. Look up the book: The Lost Book of Herbal Remedies.

For every diseases or illness, there is a plant based cure that can heal the body or bring harmony to the body. If your health is important to you, you need to learn the cause and effect. You need to know the WHY. Without knowing the WHY, you have no power to change anything, and you will continue to stay in Ignorance, and you will breed Ignorance, and Ignorance breed Evil. You cannot change something when you live in Ignorance and encourage Ignorance. Truth is indifference to what you believe to be true or not.

The harsh reality about Cancer is the 1% Elites like the Rothschild control the health care industry. A cancer research scientist once said this to me: his company got the grants to find a cure for cancer but if they do find a real cure, then they will be shut down by the pharmaceuticals and will not receive grant or donation, and etc. He said there is a quick cure for prostate cancer, but the FDA will not approve it for the USA. The system is adamant about chemotherapy as a cure for all cancer treatment because of the money

that is involved and the long draw out treatment and side affects that give the industry more business. They will not entertain any alternative simple medicine that can cure the patient quickly and without side effects. Doctors are trained to follow the protocol of what the school have taught them, and the educational system are controlled at the top by the Rockefeller who control the people writing the books and the curriculums. Alternative nature cure will never be part of the medical curriculums. People who looked into alternative medicine has cured themselves. A man online said he has grown Cannabis plants and ate the leaves like part of his salad meals for 6 months non stop, and he was cured of lung cancer. Marijuana leaves / Cannabis oil can cure most disease especially cancer, this was one of the reasons why they made laws against marijuana.

“Let food be thy medicine”- Hippocrates

In 2013, I tested out this theory of plant-based healing. I had a problem with internal bleeding in the large intestine. Instead of running to the doctor for examination in which I did not have confidence in them, I ate the green plants that can heal this problem and I got healed.

In 2017, I started a journey of planting fruit trees and growing vegetables. I studied edible weeds that grown in my backyard and its healing elements. My dog Cookie was supposed to have hip-displacement and possible cancer, I gave her a dose of Cannabis oil everyday, since then she had not scream and wimp about her legs. My dogs eat cooked homemade meals, packaged to freeze and re-heat for daily consumption. Ingredients of their meals sometime include wild edible weeds in my backyard.

DEVELOP A STRONG IMMUNE SYSTEM –

Everything begins with the spirit. If your aura energy is in disharmony, you are more receptive to illness. The Wim Hof method, Wim Hof discovered his method through his inquiry of studies in different ancient Eastern yoga breathing and meditation techniques that you can alter your body physiology to become immune against freezing cold or extreme hot weather and even against poison. The method requires time, practice, and due diligence study.

<https://www.wimhofmethod.com/>

Different spiritual philosophers from ancient times had taught their disciples the importance of breathing, the breath of life is everything. The government celebrity experts, the controlled government news, are promulgating hoax science to put you in fear because they are part of an Agenda 21/30. Use common senses and discern the truth from the lie. Stop being a blind order follower, be a critical thinker and question the Government narratives.

FOOD ADDICTION:

Fast food, Generically Modified Organisms, slaughter house meats are all the addiction diets of more than half the population in America. If you are addicted to eating meat, the 1% Elites do not want private farmland ownership in the near future because of their Agenda 21/30. It's time to make a slow transition to a pure natural plant-based food diet, little by little at time, because the meat-food supplies might not be available for consumption in the near future. Some people cannot handle a sudden change of diet because of their body attachment and addiction to meat diet. Meat in the future will be grown cell tissue in a laboratory. If something comes from a lab, you can count on it being poisoned or design to control you somehow. Their fake foods do not kill you right away but will slowly and gradually deteriorate your body.

Part of the awakening process to Evil and Ignorance is to understand that farm animals are capable of love and emotion like human. As we farm and slaughter animals to be eaten, we are being farmed and slaughtered to be eaten as well by Dark Occult beings. Law of Karma.

VACCINE – THE SYNTHETIC CHEMICAL POISON.

Everyone has different reaction to the vaccine, some people get immediate side effect or die from it, and some gradually get effect with weak immune system. The vaccine is designed to poison your body with cancer eventually, because the entire ingredients are synthetic toxic chemical. The upcoming Con-vid-19 vaccines are intended to stop the reproductive organs from being fertile and designed to alter your DNA.

Someone shares this on their Facebook post.

“THE CHEMICALS IN VACCINES ARE THE SINGLE GREATEST FACTOR IN THE NEURO COGNITIVE DEFICIT THAT LEADS TO AN AUTISM SPECTRUM DIAGNOSIS.

Future mothers and fathers you must protect your children from the poisonous needle at all costs. This is a multi level scheme which has too many layers to be discussed here. Vaccines are a trillion dollar industry. Billions on the front end and billions on the back end with all the diseases that vaccines create. Safe and effective is the biggest lie ever told. Do not let anyone scare you with their fear tactics and bullying. Vaccines are 100% unsafe and completely ineffective.

YOU CANNOT GET HEALTHY BY INJECTING TOXIC SYNTHETIC CHEMICALS INTO YOUR ARM. YOU CAN ONLY PRODUCE HARM. EVERY VACCINE PRODUCES DAMAGE EVERY SINGLE TIME.”

3) THE GREAT RESET.

AGENDA 21/30: A group of Elites came together in the year of 1993 and draft up a climate change program call AGENDA 21, it's about 331 pages of their plan to make a one World Order government. In order to implement this plan into full scale effect, it would require war against a mass population of people. In 2020, the 1% Reptilian Elites declared war against We the People of Earth, a psychological war, the scam Plan-demic is World War 3 against the people. It is a psychological war of government versus the Ignorance population. The psychological world is to obscure your vision.

YEAR 2020 – 20/20 VISION: IS YOUR VISION CLEAR OR CLOUDY?

Are you able to see through the psychological war being done upon the world or Fear has blind and obscures your eye vision from having insight.

Year 2020 is about your 20/20 vision, your ability to see through the deception and manipulation OR to be blind by false information, fake news, and pseudo-science. This COVID agenda is all planned in advance. Just do the \$20 bill test by folding it in half and Andrew Jackson upside down looked like a man wearing a mask, and it is on a 20-20 dollar bill.

(Facts are explained here in this video

<https://www.youtube.com/watch?v=eNsW4ssOBxU>)

Over the years and decades, they have been executing their plan to depopulate the human from the Earth:

- Environmental groups in the name of natural life preservation, confiscate land for the Government, under the guise of Environmental safety (a code word for land confiscation)
- Public Health & Safety (code word for force Vaccination and Microchip),
- Engineer Economic crisis (housing crash and lockdown of business),
- Eugenics (Social engineering to breed out human traits that the Elite deemed to be undesirable),
- Poison the food with GMO and chemical
- Poison the drinking water with fluoride and other chemicals
- Fake information about the limitation of the Earth natural resource: indoctrination about the scarcity of food supplies and water, so when they create a food storage, they get the public to believe in the climate change.
- Spraying Chem-Trail in the air

- School indoctrination of the young with Communist /Fascism ideology (School is not a safe place for children. Children are indoctrinated to snitch on their family members, to be sexualized, to accept pedophiles as the norm, to confuse gender identity and to make trans-gender issue a norm, to force vaccination upon children. I suggest home schooling your children and there are groups on meetup and communities coming together to support each others on home schooling children.)
- Invented external (boogey-man) threat to engineered systematic war and terrorist attack on sovereign nations.
- Manufacture diseases to sell the vaccine, a control tool to destroy the body natural immune system, thus creating dependency on pharmaceutical drugs.

4) The NEW WORLD ORDER is the CLIMATE CHANGE AGENDA 21/30. Climate Change is a code word with several implication: a) Environmental zoning to confiscate land and stop human from using the land under the guise of wildlife preservations, b) Human zoning – pushing human into high density population, c) Force vaccination to sterilize the mass, d) The Deletion of the organic human body, e) Introduce AI (Artificial Intelligence) technology – technocrat world, f) Massive thoughts control 24/7 surveillance.

NEW TECHNOCRAT SOCIETY introduce to the mass by way of the following:

- 5G technology for smart cities
- Depopulate the Earth to less than 1 billion by way of sterilization through Vaccination
- Micro-chip Identification implant as a mean to track everyone
- Cashless society through digital currency
- Social crediting system to track individual behavior as to whether they comply with their Government-technocrat rules and regulation.
- Robo-cops, Drone policing to track and control more efficiently
- Small business and middle class will be obsolete
- Banned on ownership of private property such as land and car.
- Restriction on travel and limitation on movement.

5) HOW CAN THE 1% REPTILIAN ELITES EXECUTE AGENDA 21 WITHOUT MASSIVE OPPOSITION?

*** HEGALIAN DIALECTIC *** As David Icke word it:

– Problem – Reaction – Solution – COVID PLANDEMIC as an Excuse to RESET to the 4th Industrial Revolution and AGENDA 21/30.

Create a problem or exaggerate a social problem to get popular support for the implementation of laws that society would normally deem unacceptable.

(1) COVID-19: Create a virus or a poison in a lab, unleashed it to kill a small number of people, exaggerate the problem to be a worldwide pandemic, use the media to push fake news – an imaginary fear of a deadly virus. Government experts and media instilled fear and confusion to the mass, the plan-demic used as an excuse under Health and Safety to shut down businesses, 6 feet social distancing, and mandatory wearing face mask.

*- Real purposes behind the face mask: -1- Putting out the 5G cell towers.
-2- Test out the 5G- AI facial recognition technology, ability to recognize faces behind the face mask, and 6 feet need to scan the body movement.
-3- A social experimental test run on how compliance the sheep are before they introduce mandatory vaccination. -4- Psychological operation (Psych-op) warfare to track individual response.

*-Real purposes behind the shutdown of business: -1- Small and Middle size businesses cannot handle an extensive shutdown, thus making their business goes out of business for good. -2- Preparation for conglomerate big business corporation control with auto-tech.

(2) RE-ACTION: People comply out of fear and trust in the Government. They believe in the Government because they are too lazy and cowardly to think for themselves. Some people immune systems are getting weaker everyday due to 5g, chem.-trail, and poisonous chemical in food and water. Wearing masks and breathing in their own air will weaken the immune system over time. The sicker the people are, the lack of money resources, and being under the influence of fake news, they will beg the government to help them and to solve the problem, and to save their livelihood.

(3) SOLUTION – The 1% Global Elites wants to make more laws and restrictions against the people of Earth. They get to implement their Solution: to vaccinate, to Micro-chip, and to track every human under the guise of health and safety from the COVID-19 virus. It is all

about the control of Human cattle like farmers managed their animals on their farm. The Endgame is for a One World Government with AI tracking every minuscule of every Human Cyborg.

6) PSUEDO-SCIENCE – People believed in false and superstition because they are taught a false reality of their history, a false concept of who they are and how the universe work, and their lack of occult knowledge. Scientists that can invent technology to free the people from government control have gotten killed. For instance, a scientist working on a car that can run on water, first he got threaten and then he got killed. If a car can run on water, then there is no scarcity of energy resource. The 1% Reptilian Elites (the Dark Occults) need to control the energy resource to keep everyone running on a wheel of dependency. Petroleum oil and fiat money are their main energy of control to keep the mass population in perpetual dependency. The Dark Occults gave backward science to the public: -125 years old combustion engine, -fake rocket-ship moon landing, -old system of building houses, -outdated water system and farming, -fake SpaceX from Elon Musk, -etc. Elon Musk and NASA are liar. Elon Musk is not building a rocket-ship to take 1 million people to Mars, the only place a million people will be going is to an underground facility laboratory to get experimented upon.

The Advance Real Science, underground Science, they kept away from the public is like a science fiction book into the future: -Anti-gravity cars, -Anti-gravity spaceship that can fly to the moon (NASA rocket-ship televised to the public never landed on the moon), -Nikola Tesla free energy, the ether energy from the Earth atmosphere that can power infinitely all our electrical needs for free, -sound and magnetic technology that can heal the body, -unlimited water and food, -etc. These technologies will set the human race free, and the 1% Reptilian Elites don't want us to be free. The Dark Occults endgame is to microchip our body into a computer operating system, getting the mass to be addicted to a hand-phone is to condition people to wear the technology which eventually will be micro-chipped into the body, a statement of complete ownership of their human cattle.

THE COVID SCAM – a Hoax package under the guise of Health and Safety to RESET the Economy according to Agenda 21/30. COVID-19 is CONVID-1984 to usher in a new world order of technocrats and artificial intelligence control as George Orwell predicted in his dystopian novel 1984.

People are living in a false reality and they believe the abnormal to be the normal. If you keep blocking and depriving yourself of natural air and sunlight, overtime you are breathing in bad air and bacteria from the face mask. Eventually your immune system will be weakened, then you will be prone to respiratory illness or infection as they called COVID a respiratory virus. This COVID plan-demic fear is like a metaphor to the medieval witch hunt where Kingship used the witch hunt to control and put irrational fear into superstitious ignorance peasants, causing them to snitch on their neighbor for witchcraft. The COVID plan-demic has caused paranoia in people if they saw you sneezing, people would freak out if you sneeze. The Government experts have caused people to believe that almost every human could be a potential biological threat. The main stream media news or the government news talk down to the mass like they are 5th grade children intelligence. The government imposed more laws dictating the ownership of your rights to your body, the news tell you what is good for your body because their experts know more than you about what is good for your body. In the age of internet, knowledge of truth and alternative information for critical thinking people are easily accessible more than ever before, but most people still cling on to Government news. With the Great Reset being here, Silicon Valley and Big Tech are censoring people on their platform, and policing every little free thought we have left. As long as people choose to remain ignorance, fearful, superstitious, and continue to believe in Government, then they will continue to reap suffering upon themselves and the world.

7) HUMANITY IS HELD IN BONDAGE AS EVIL TRIUMPH OVER GOOD.

Why do people follow an abusive system and make excuses for Evil in power? The key spiritual battle for the soul of humanity is the people acceptance of Evil.

9/11 was a false flag operation, three buildings: one, two, and seven were demolished demolition style. To this day some people still believed the two world trade center buildings were hit and collapsed by the cause of airplane. The Government systems are run and control by evil and extreme psychopaths. The 9/11 investigation never got anywhere. Behind the frontline psychopath leaders of the world are the Dark Occults pulling the string in the background. These psychopaths are extremely sick mind

people: children are used as a trade off blackmail currency. They rape, torture, murder, and drank children's Adrenochrome blood as a ritualistic ceremony. Every year about a million children go missing world wide. Once the Dark Occults owed these leaders by way of blackmail sex with children, the leaders will eagerly do their dark masters bidding.

(Documentary – child trafficking

<https://www.youtube.com/watch?v=YGNKwnWx0L8>)

The two parties system and their politicians are just puppet actors to give the sheeples an illusion of freedom. Behind the puppet actors, a dynasty bloodline controls the Federal Reserve Bank and print all the fiat money out of thin air. The fiat paper has no value, the real value is the people time, resource, and energy. These international bankers control the economy, they crashed the economy every 10 years to keep the middle class in a state of financial struggle and to transfer the wealth between their insiders. For instance, Warren Buffett success in stocks trade because he is an insider, there is no intelligence behind picking the right stock when he has insider information from his exclusive club.

These bankers are parasites, they further get politicians to write into law the legalization of income extortion through taxation, making you a slave, and they become your master through covert ruling. No one group of bloodline should have the right to monopolize the printing of money out of thin air and on top of that charge interest out of thin air. By controlling the monetary system, they control who can be the figure head to do their bidding.

8) GOVERNMENT/ OLIGARCHY:

No masters, no slaves: The law of Truth is you are a sovereign being with infinite worth and no one has the right to rule over you whether you know it or not. Even if you believe that Government has the ordain rights to rule over you, it still does not change the truth that you are a sovereign being and your real currency is your energy and time.

https://www.youtube.com/watch?v=eq3jjzI8Gdo&feature=youtu.be&fbclid=IwAR1HriVFo6JGGD4YZI2yL_zE4q4TSyndUUVFfeankbuhLG4qINBFkpZPwvL4

After people realized that they no longer want Kingship, an overt ruling power, making all the decision as the Gods mandate on land, the 1% Reptilian Elites switched their power to Governship, a covert ruling power includes these institutions: Politicians, Wall Streets, Banking and Monetary, Corporation, Control information, Figure Head Monarchy, cultural Religious leaders. Oligarchy governship invented evil poisonous ideology to control your mind: communism, socialism, democracy, capitalism, fascism, racism,

political correctness, terrorism, class warfare, etc. All these poisonous dialectics keep the sheeple in a spinning loop hole of false hope, confusion, and dependency on the power of the oligarchy. They need you to focus your energy on external forces and conflicts outside of you so you can give your power away to them, and never have time to look within your power to be a sovereign being.

In the 20th Century, the belief in Government had been the cause of more than 500 million human genocides and the destruction of many cities. The people that keep the systematic slavery, genocides, and destruction of the human race are not the 1% Elites that deceived, manipulated and gave orders to murder, but it is the ignorance and or willing ORDER FOLLOWERS that carried out the violence against the human race because they were and are the one that executed the evil deeds.

(Listen to the word of wisdom from Mark Passio's best explanation of how we are collectively locked in a prison planet:

<https://www.youtube.com/watch?v=Z0f8StQM8lw>)

According to the Law of Cause and Effect, the Law of Karma, the Order Followers are more responsible for the Evil deeds executed than the 1% Elites (Order Givers) who give the Orders. It is an occulted knowledge because the Order Givers did not manifest the Evil deeds into the physical world, therefore they are less responsible than their foot minions. The 1% used this occult knowledge to escape the law of consequence, and they further do charitable acts or good deeds to balance out or remove to their karma debt. The Dark Occult used this working knowledge of the Spiritual law of Cause and Effect to continue plotting their evil schemes to stay in power while the bloodsheds are in the hands of the Order Followers who executed the Evil deeds.

9) THE DARK OCCULTS' ENDGAME: A SPIRITUAL WAR TO DELETE THE ORGANIC HUMAN.

We are in a spiritual war for an upgraded Organic Human versus an upgraded Synthetic Human Cyborg. The scam-Convid Plan-demic is to get the Human cattle to vaccinate and micro-chip (in the guise of health and safety) so the New World Order can track and control the Human cattle.

HUMAN CYBORG – Human 2.0 (in other spiritual school of thought, they called Human 3.0) For the sake of understanding this conversation, I will keep this conversation in the 3D. Here is a link to Dr. Carrie Madej explaining Trans-human agenda

<https://www.youtube.com/watch?v=nn7CQKKP-ME> or do your own research on Trans-humanism. The reason why you are seeing a push for gays, lesbians, queers, and Trans-gender rights is because they are conditioning you to slowly accept the concept of no gender or one gender and a boy becomes a girl and a girl becomes a boy as normal part of life. Trans-gender is about one out of million, but they are social engineering it to become the norm, little by little they are pushing, confusing, and indoctrinating children in school to believe that their birth gender is not what they should be born with. With the poison of vaccines and chemical wastes, it is intentional to alter and engineer human DNA to delete their physical gender identity.

Jose M. R. Delgado had worked on an invention called Stimoceiver, he experimented on animals, a permanent brain implants to control behavior. Elon Musk designed a chip implant to put into the human brain for medical reasons. Musk is a front man for the Dark Occults/ Satanic cult just like Mark Zuckerberg, Bill Gates, the Clinton, Dr. Fauci, etc.

Elon Musk's SpaceX program seemed like he is building technology for the better of human kind, but he is not. The endgame is a hive-mind thought control of humanity through a chip implant hooked into a mainframe Wi-Fi internet system where AI can read your mind 24/7. The fuel rocket ship that his company is designing to bring 1million people or more to Mars will not fly to Mars. His plan to televise his space program on major television network is to seduce the millennial to sign up for his fake space program. It is a trick to send people to an underground lab to be experimented upon. The real space ship that can go to Mars is anti-gravity and they are not going to introduce this to the public. Even if the televise television is real, they have conditioned you to believe that living in Mars is like living in a lab facility base where you cannot go outside because of the atmosphere. In this Mars base reality, their rules for living in a base are inside itself a form of confinement with a fanciful make believe story that you are in Mars. When you are trapped inside the base, the window looking out to the Mars world will be a reality simulation or an augmented reality designed to deceive your brain.

Science can better our lives, and set us free, but they are using science to control humanity and to delete the organic human. Earth resources are unlimited as we human beings are divine and unlimited. The Dark Occults mind-controlled you to believe you have limited power and limited resources so they can keep you in a fear based belief system to control your mind.

10) ON EARTH – THE PROBLEM WE CO-CREATED – IGNORANCE IS THE ROOT CAUSE OF ALL EVIL.

We live in a shared collective reality with other beings: as long as the collective minds accept immorality as an inevitable evil and they have no power to change their destiny and the Earth's destiny, then as a collective reality, we will continue to reap suffering and injustice upon our societies, making Earth a prison planet for all sentient beings.

“Just look at us. Everything is backwards, everything is upside down. Doctors destroy health, lawyers destroy justice, universities destroy knowledge, governments destroy freedom, the major media destroys information, and religions destroy spirituality.” Quotes from Michael Ellner.

Most people would say they want love and peace in society, but their thoughts, attitude, and actions are in direct contradiction to what they want to see in the world. Most people support slavery and legalize injustice if it is done under the guise of Government control of law and orders. Most man-made laws are to destroy freedom and enslave humanity, such as the law against using alcohol in 1920 and law against using marijuana and psychedelic drugs in 1970. These man-made laws imply that you don't have the right to your body. These man-made laws must be enforced by thugs in blue uniform because it is a lie (a lie that you don't have the infinite right to your body). To create more evil, Government agent, the CIA smuggled and hustled drugs into the street for opportunists to sell the manufactured crimes to justify locking people up and the legitimacy of having more Government thugs to police the street from the increasing crime rates. Hollywood, another sub-corporation of the government, their movies and music industries encourage the children to idolize bad behaviors and drug abusing Icons. Politicians and Police are scamming and robbing people, and they are privileged with Qualified Immunity. Police enforcement of Victimless Crimes such as a traffic ticket and drug users, when it would lead to robbing a life as part of enforcing man-made laws, no one cares about the civilian being robbed of life and liberty. Most people would make excuses for thugs in uniforms.

The definition of immorality are actions that result in either someone or some how hurting, robbing, or violating another being's right to life, liberty, possession, and freedom. Most people in society would agree that provoking and initiating an attack to murder another human is a wrong,

especially when it is a child being brutalized, most people would be infuriated at such an injustice. But when the murdering of innocents comes from an Authority called our Government thugs, people support the legalize injustice upon humanity: With every Presidents in power in America, troops are sent off to initiate the bombing, killing, and raping of another sovereign nation. Most Americans are indifference to American troops bombing and raping children in foreign lands so as long as it is not their children being murdered from wars. American supported these Presidents by participating in the voting process. Your vote does not matter because Presidents are selected not elected, but your participation in the voting process is consenting to Evil doing. Supporting and thanking the Government thugs in uniforms is consenting to Evil doing. There is no honor or bravery in ignorance, only wars and destruction of our humanity going around and around the wheel of our support for Evil. It is all mental: the unconscious ignorance of supporting evil and or the willful ignorance of not looking at oneself immoral ways by supporting immoral behavior reap the wheel of Karma.

In our collective society, most people are immoral because of wrong program from cultural religions which taught them dogmatic believe about what is immoral versus moral believe. The world, under the psychic spell of the Dark Occult, does not know what a moral truth is. So the people behavior, ignorance of moral truth, are the cause of suffering on this planet. A moral truth is to know what a right is and what a wrong is, and taking right action based on Moral Truth which led toward freedom for all sentient beings. Moral Truth requires development of Heart-based intelligence: Wisdom and Truth. The immoral behaviors against Heart based intelligence are these:

- Teachers indoctrinate students to belief in government religions and poisonous ideology either out of knowingly willful actions, willful ignorance, or pure ignorance.
- Doctors prescribe ineffective medical treatment or prescription drugs either out of knowingly willful actions, willful ignorance, or pure ignorance.
- Religious leaders teach their flocks: to accept evil doing from authorities and/ or gods, to fear god's imaginary punishment, to accept humans having no power to create a better world except to wait for a savior to rescue them from evil, etc. These cowardly leaders have swayed their flocks away from true spirituality either out of knowingly willful intention, willful ignorance, or pure ignorance.

- The most immoral cult behaviors are: Order followers, Enforcer of man-made written laws, Gatekeepers of the Establishment. These people protect the Government evil establishments: Soldiers, Police, CIA, foot espionages, etc. They are the most vile lost souls that keep the existing Evil Establishment in power because: they are the hands that execute the murder of more than 500 millions people in the 20th century, they are the hands that protect the psychopath leaders of the world, they are the enforcers of locking down society, and they are the key in locking up the prison planet. The 1% Elite Reptilian cult ordered their soldiers to bomb an entire city. The one that executed the deed has more karmic consequences than the one that give the order. The soldiers that bombed the city have more consequential karmic blood on their hands. The IRS agents that enforce income taxes upon the people are the one keeping government extortion in power. The police officers, that arrest a man for smoking marijuana, are stealing the man's natural sovereign right, not the legislators that wrote the law to lock up all marijuana smokers. The legislators would have a very little or less karmic consequences because they did not carry out the manifestation of stealing the man's natural right. The police officer chooses, for a paycheck, to steal the man's natural right, not the lawmakers who just write into existence the man-made law which is all moral relativity not based on Truth.

We can never be free to co-create with other aggregate minds for an empowering world of love and beauty as long as we choose to accept the system of slavery and to not be responsible for our action of accepting slavery, as Government is slavery.

As long as we accept the religion of Government as our gods:

- 1) having the right to use violence to enforce man-made laws at the whim of writing onto a piece of paper that are against Cosmic natural laws,
- 2) having a monopolizing power to extort our labor through taxation,
- 3) having the right to medical tyranny against our children health and our body to choose,
- 4) having the monopoly right to print fiat money out of thin air to charge an interest rate out of nothing and
- 5) having the exclusive rights to fund fiat money to their front cronies, heirs, and bloodlines to keep their Oligarchy circles in power
- 6) having the exclusive right to control and dictate what science and technology humanity should know and should have.

As long as we have wrong concepts about ourselves being powerless and being depended on our abuser, the Government as our gods and our law-makers, and as we delegate our power away to them and not take

responsibility for own enslavement, we will continue to stay in our bondage and limit our human potential.

The requirement to end slavery starts with the shift into a higher consciousness of the human condition and the work toward aligning our thought and action to the Truth. The Truth is indifference to what we perceive to be true or false. Wrong knowledge of what a right and a wrong is will lead to ignorance of what the Truth is. Our minds have inputted wrong thought behaviors, as a result, the output of our behaviors are wrong actions which lead to suffering in our society and a continued cycle of spiritual prison on planet Earth. Right knowledge and right behaviors lead to a shift in higher consciousness which lead to freedom for all sentient beings on Earth. The more moral a society becomes, the more free society becomes. Everything is mind. "The All is Mind," from the Hermetic teaching.

11) TRUTH FREEDOM IS TO LIVE BY THE PRINCIPLES OF MORAL TRUTHS: SPIRITUAL LAWS OF THE UNIVERSE.

The state of ignorance is the root cause of all evil and suffering. Being content with ones ignorance and a limited station in life as without questioning the value of human existence: "For as long as you are content to remain a caged bird, you will not discover that you can escape." Truth Freedom is to live in alignment with the principle of moral Truths. Have self-respect and dignity for the human infinite worth: Stop being a naïve child and put your hope and faith in Daddy and Mommy Government to protect and take care of you. The two parties system is from the same snake. Republican is about daddy complex, wants law and order, protection, bootlicking authorities, warfare, more regulation, and more control like fascism. Democrat is about mommy complex, want nurture by demanding freebies and government funded program like health care, social issue for the disenfranchise, welfare, more taxation, and more control like communism. Warfare and welfare are controlled by the same agenda: the Dark Occults rule the mass behind the scene of their frontline-puppet-figureheads reading the teleprompter to the mass. The 1% Elites would laugh behind close door at how stupid their 99% slaves are, and something their news network would mock their slaves like parent scolding children to listen to their experts and their science authority for your own good and well-being and the safety of others, if you do not, then you are a selfish spoil child. If you buy into their Orwellian dialogue, the doublethink, you are

under their mind-control; they have convinced you that $2+2=5$: “War is Peace; Freedom is Slavery; Ignorance is Strength.” I feel sorry for you, you are just a piece of animal meat waiting under the Elite’s table for a piece of food scraps tossing your way and fighting with other animals for the food scraps. If you live like an animal in this doublethink, you have no power to change yourself or your circumstances.

The HUMAN CONDITION does not need to live like animals at the whim of the Few rulers called Government, we can stand together and decentralize Government, create our own community and build what we need to get our community functioning. We do not need Government regulation to build roads or to be prosperous, for Governments hinder prosperity with regulation, duress, violence, and moral relativity. The police served the politicians immoral laws upon citizens that hurt no one, laws that have NO VICTIMS (like murder, rape, robbery, etc). Over ideology disagreement, the Government would send out their thugs in uniform to either rob, assassinate, and or to kidnap for a cage confinement. (The 1993 Waco massacre was a perfect example of peaceful people that disagree with Government.) But these thugs in uniform would never admit their immoral oppressive action against humanity because they would delegate their evil action as “just doing my job” and believe that the politician in power are responsible for giving the order.

The belief in an Authority is the most dangerous superstitious. Consenting to an Authority’s legalize injustice is an immoral act and an act of violence against the Law of Truth Morality. Check out the book “The Most Dangerous Superstition” written by Larken Rose.

In the book “The End of All Evil” by Jeremy Locke, his words as quoted: “EVIL – The crucial key for understanding our world is to understand the nature of evil. Evil challenges the value of people by denying them the opportunity to make their own choices; by denying them the chance to grow strong in learning and understanding.

FREEDOM – While evil seeks to destroy or hide a person's worth, freedom shows humans their full potential and their full value. With freedom, people have love, cured disease, removed hunger, eased labor and lived in peace. With freedom, happiness is possible. Freedom is the exact opposite of evil.

YOU – Everything written in this book is written to destroy the ideas of culture and law. The lesson of this book is simple: nothing on earth is more valuable than you.”

(This book is available in PDF and youtube audio)

Man-made laws are artificial ideas created by evil to restrict our freedom of consciousness, our Sovereign natural rights, and our infinite worth. Most people are good if given the right knowledge of action. Without Government interferences, their artificial laws, their thugs’ violence, their agent provocateurs, their poisonous ideologies to create division, their war to bring peace, their constant invention of boogie-man in foreign land, and their fake news; people would live in peace and help out their neighbors. The society would in the beginning become a voluntary system, then transformed to a responsible society where people stand in their power to improve the planet out of love for all beings because they are not under duress from violence, and eventually become a heart-based society where the knowledge of wisdom is a common sense action.

12) AN AWAKEN CONSCIOUSNESS TO THE TRUTH OF SOVEREIGN BEINGS.

We are responsible for our own spiritual growth. We need to teach ourselves and our children these Spiritual Laws that govern the universe. We need to learn their application and experience how these Spiritual Laws work.

An awoken conscious Sovereign Being lives in responsibility and the infinite possibility, an agent of causal for freedom; and rejects being a slave to the system of Governments, Cultural Religions, Monetary, Authority, Economics; for all these are illusion designed to crush the human infinite worth. Spiritual Laws are from Creator of all that is, and it is “universal, non-man-made, binding and immutable conditions that govern the consequences of behavior for all intelligent beings,” and act as the governing dynamics of consciousness. Being in alignment with the Truth and living by the principles of Spiritual Laws create true Freedom.

(These universal spiritual laws are written and explained in the book, “THE KYBALION – the 7 Hermetic Principles of Ancient Egyptian by the 3 Initiates – here is the audio book version online platform.

13) TAKE ACTION TO TAKE CHARGE OF OUR FUTURE IS IN THE NOW.

The future is here: the lockdown, the augmented reality, robots, chip implanted, tran-human, weather control weapons, etc. The Dark Occults endgame for humanity is a control cyborg mind in a confinement hive-space with virtual reality. If we do nothing to change the course of our future, the consequence for our future generation will be human extinction: no gender identity relationship, birth and cloning life comes from a lab. Imagine 500 years from now, the end of humanity would look like a sexless gollum cloned in a lab like the grey aliens that some people claim to visit them in the astral realm.

The fake propaganda about mask wearing for your own protection and good is a scam and a test run of your compliance to take the vaccine and micro-chipping. The time to say NO is now. Stop the mask wearing, show support for businesses that do not enforce mask wearing. We can decentralize the government and create our own community: Ban together to create our own economy outside the control monopoly before we are caught unprepared when they implement the cashless society requirement and everyone to be vaccinated and microchip in order to have goods and services. If we cannot create a community of our own, then some of us will live off the grid.

LEARN SURVIVAL SKILLS: Minimum skills of survival are needed: knowledge of gardening, how to use a firearm, ability to endure cold water showers training the body to be healthy, some knowledge of plant medicine, energy healings, great discernment and wisdom, etc.

EMPOWERMENT WITH THE RIGHT KNOWLEDGE. EDUCATION. EDUCATION.

The Dark Occult running the government system wants to delete the organic human into a Cyborg hive-mind control by AI, so we human might as well delete the Government system by creating our own system. If we don't stand up against the Dark Occultists – 1% Elites, the future for us and our

children will be obsolete. We are in a spiritual war against the Dark Occult. In order to have a chance to win, we need to have the right knowledge, the Occult knowledge: occult means hidden knowledge.

Make long terms goals of how you want to see freedom for the world and what kind of service you can offer to humanity to get there. Make specific small goals to navigate through life to get to the long terms goals for the collective world goal of freedom and peace.

BE THE SOLUTION:

KNOW YOURSELF – THE FIRST STEP TO CHANGE THE WORLD.

Become an upgraded Organic Human being, an Enlightened Being.

There are two ways to learn wisdom: (1) First way to learn wisdom is by way of suffering that is most of humanity under a comatose consciousness. When under infliction of great distress: economic failure, natural disasters, wars, famine, disease, extreme hardship, etc, some will learn their great power when they are pushed into a corner. (2) Second way to learn wisdom is by the use of imagination, critical thinking, see the infinite possibility within you, communicate with infinite power, and trust in the infinite power. Second way is a preferred choice, but unfortunately humanity has to learn under great suffering in hope that some will learn the wisdom of their mistakes or they will be recycle back into the wheel of Karma.

1) **LOVE:** Fear is just an illusion. There is nothing to fear in the universe except for fear itself. The root of all fear is death and the unknown. When you let go of this energy, you find Love, the absence of fear. Physical death, pain, distress, and suffering are not the end of your consciousness, see it as a transition and be indifference to it so nothing can have power over you, and Love will expand your Consciousness. Learn wise discernment so you can come to an understanding of the root cause rather than the effect. In time of prosperity, if you did not learn gratitude, then in time of suffering, see suffering as an opportunity to become wiser in the walk of light and love. **LOVE:** always choose to look at the grand cosmic picture of things, even in time of adversity.

2) **COURAGE:** Know yourself. You are a sovereign being, whether you know it or not. Take action. Live by the Truth, Dignity, and Infinite worth of the Human Spirit. No one has the right to claim ownership of your physical body or your mind. No one has the right to rule over you, to be your master, to give you an edict to wear a mask or to stab a vaccine needle

into your arm against your will in the name of public safety and for your own good, whether they are the government or your caretaker. The great Awaken is no one has the right to be your Authority and the concept of anyone having authority over you is just a religious belief which according to Spiritual Laws is just an illusion.

3) PEACE: Look with yourself for the Power of Peace. See feelings and emotions as they are the clouds coming and going, have no attachment no detachment to it. Enjoy and appreciate the good when it comes. Acknowledge the bad when it comes and learn from it. The true balance is equanimity when you understand great peace in self-mastery. In the Power of Peace, your spiritual strength is abundance, your Power is deep within and nothing can sway you off the course of Truth and Principles. In peace, you are in the causal power to create the now that will effect the future.

4) POWER IN SELF-MASTERY: We have a moral obligation to teach ourselves the Truth about our reality, and to claim our power. You are all there is and have infinite Power from within, you must claim ownership of your power, and no power on Earth can sway you from your core foundation of who you are. Power is to take responsibility for all your actions good or bad, and the things that are happening to you in the now. If a wrong being done to you, do not play a helpless victim and wait for a savior to come and rescue. Take charge of the situation and right an injustice if necessary, use discernment.

TRANSMUTATION OF RELATIVE COMPARISON:

It is a technique I used since 2005 before I even know about the Hermetic principles. For the longest time, I was not able to explain to people how I can change certain energy in my vibration. When people are attached to certain energy, telling them to shift their energy is nearly impossible because of their mind being wired to that particular energy.

[THE KYBALION – CH. 1 – The basic principles of “The Art of Hermetic Alchemy,” which, contrary to the general belief, dealt in the mastery of Mental Forces, rather than Material Elements—the Transmutation of one kind of Mental Vibrations into others. instead of the changing of one kind of metal into another. The legends of the “Philosopher’s Stone” which would turn base metal into Gold, was an allegory relating to Hermetic Philosophy, readily understood by all students of true Hermeticism.]

Now I will simplify the mental alchemy and coined this technique as the Transmutation of Relative Comparison. The Hermetic principle of Polarity: everything has its pair of opposites; like and unlike are the same; opposites are identical in nature, but different in degree. Light exists because we compare it to darkness. Light and darkness are a pair of opposite and yet are identical in nature, but difference consisting of varying degrees.

For instance if you are sad and struggling to make \$50k a year income, if you compare your situation to someone else situation that is struggling to make \$10k a year income. No matter what the situation is at hand, there is always someone worse off than you. When you relate your situation to someone else in a worst situation than yours, everything is put into a clearer perspective to shift your energy to gratitude. Be grateful for what you have, seeing you have more, is in an abundance state at the moment, shifting the mental energy to being happy. From this vibration energy of being happy and abundance, which is a higher vibration than a lower vibration of scarcity, an action to bring forth what you desire to happen, bring forth attraction that manifest into the material world the result that you desire to happen. (The principle of Vibration – Nothing rests; everything moves; everything vibrates.”) To sum up, you are shifting energy from the perception of one mental state to another mental state more in alignment to what you desire to bring forth that result.

From a higher standpoint, Transmutation of relative comparison is how to view an experience a certain way in order to change or adjust our mental power to bring forth a material existence by the Will power.

SELF MASTERY TO ENLIGHTENMENT – BE THE LIGHT OCCULTIST:

Know the Truth and the Truth will set you free. Truth is immutable and indifference to what your perception to be true or not true. To know the Truth, your perception must be in alignment with the Truth. Know the 7 Hermetic principles (Truth) from the Kybalion.

To change the world requires imagination, it begins within you. Trust in the infinite power of Source the Universe, the Creator of all that is. When you stand in peace, love, and courage and are in alignment with the Truth, the infinite power of creative force will assist you to what you Will into the world will manifest.

Of course there are obstacles. The obstacles are collective minds sharing your reality: the ignorance, the profane, and the zombie. You are co-creating with these collective minds, but the biggest obstacle is You. You must be the one to Know yourself as the Key to teach the open minds to

open the door to the 7 principles of Truth, the Key to unlocking the universe.
(THE KYBALION – 7 HERMETIC PRINCIPLES)

[Ch.14 – Mental Gender: “Look at the strong people, how they manage to implant their seed-thoughts in the minds of the masses of the people, thus causing the latter to think thoughts in accordance with their desires and wills of the strong individuals. This is why the masses of people are such sheeplike creatures, never originating an idea of their own, nor using their own powers of mental activity.”]

This quote from the Kybalion is a perfect example of the Dark Occult working against the Masses of Sheeplike creatures with their scam plandemic – ConVid-19. All the wars, the economic crash, the Con-virus, the false flag, etc. are planned and caused by the Dark Occultists. You are being mind-controlled into giving up your internal power for an external illusion, of fake gods and authority on Earth, in which you believe they (Politicians and government) have the right to make laws against your natural rights and legalize injustice. All the cultural religions of the world were written by the Dark Occultists to mind control the Mass Sheeple to never question Authority. The religious leaders have never denounced evil and are in complicit with the Government to keep you in your mental chains. There is a Wrong and a Right. We are bounded by the law of consequential, the Law of Cause and Effect. What you cause in the world whether intentional or by default, the effect will come back to you. As a collective mind, we are the one complying and executing their edict of our own enslavement. We will reap what we sow into the world. These politicians and religious leaders are working against Humanity. They are addicted to their own personal selfish gain and are part of the Oligarchy frontline to lead humanity into ultimate enslavement. It is important we must stand in our power, have a voice, and share our voice of opposition. If we do nothing, we will get nothing, and evil runs its course and the end of humanity.

If we do nothing to stop Evil, we get nothing, and by default, we are responsible for the outcome: Evil win and the human race get deleted, the outcome is Cyborg Human. If we take action to stop Evil, we get something, a chance to win what we want to create for our children and their grand-children. We create the future in the NOW. Be the cause to create the Effect!! If it's to be, it's up to us!!! IF IT'S TO BE, IT'S UP TO YOU!!! It is up to YOU!!
