

Region III Workforce Investment Board
WIOA Adult and Dislocated Worker Program

Policy 03-16

SUBJECT: Supportive Services and Needs-Related Payments
DATE ISSUED: July 13, 2016
EFFECTIVE DATE: July 1, 2016

REFERENCE(S): WIOA Section 134(d)(2) and (3)

Background:

Supportive Service and Needs-Related Payments for Adults and Dislocated Workers are available to support the employment and training needs of priority populations. Support Service may include transportation, child care, dependent care, housing and other services that are necessary to enable an individual who is unable to obtain the services from other programs to participate in activities authorized under WIOA.

Definitions:

Training Hour:

For each hour an individual participant spends in training activities, the program provider or educational institution must document the hours of each participant in training. Timesheets must be forwarded to the WIB-KC in a timely manner.

Policy:

The rate of support service payments for Adults and Dislocated Workers that are enrolled in an approved WIOA program administered by the WIB-KC will be \$20.00 per day while in training. The supportive services may be paid up to a maximum of \$1,000.00 per program year.

Once the signed timesheets (by the participant and training provider) are received, a support service payment will be remitted to the participant for their usage.
