

Dynamic Duo (Anthony Version)

EXT. CAMPUS - DAY

The Player shakes their head, letting Anthony know that their answer is no. The Player and Anthony decide to continue on their Laundry journey without the Laundry Duo. Anthony goes to inform the Duo about their decision.

ANTHONY

Hey guys, we're actually gonna be on our way. I hope you both find a working washer soon. Good luck with your interview LAUNDRY DUO 1.

LAUNDRY DUO 1

Thank you!

EVENING

After walking around campus for a while trying to do their laundry to no avail, the Disappointed Duo began walking toward the GCC.

ANTHONY

Welp, we've had absolutely zero luck with finding a laundry room. I swear I'm starting to see laundry baskets everywhere. Let's take a break at the GCC to clear our heads.

As Anthony and the Player walk into the GCC, they hear voices from a nearby classroom. Anthony has a confused look on his face as if he's trying to figure out who's speaking loudly.

ANTHONY

You hear that voice, right? I could swear that I recognize that voice. Hey, maybe they know where we can find a working washer. Should we check it out?

Dynamic Duo (Audrey Version)

EXT. CAMPUS - DAY

The Player shakes their head, letting Audrey know that their answer is no. The Player and Audrey decide to continue on their Laundry journey without the Laundry Duo. Audrey goes to inform the Duo about their decision.

AUDREY

Hey guys, we're actually gonna be on our way. I hope you both find a working washer soon. Good luck with your interview LAUNDRY DUO 1.

LAUNDRY DUO 1

Thank you!

EVENING

After walking around campus for a while trying to do their laundry to no avail, the Disappointed Duo began walking toward the GCC.

AUDREY

This sucks, I can't believe we've been looking around everywhere and have had no luck. Let's take a break at the GCC to clear our heads.

As Audrey and the Player walk into the GCC, they see Anthony sitting down with a confused look on his face, as if he's been trying to figure something out.

AUDREY

Anthony?? Is that you?

Anthony looks up to see Audrey and the Player. Anthony stands up suddenly, looking happy to see both of them.

ANTHONY

Oh, nice to see you two. Hey, have things been weird for you two today?

AUDREY

Weird how? Are you okay? I last saw you being taken in by Laundry Enforcers.

ANTHONY

Oh, that was alright. After they took me to the enforcement station, the officers stopped moving. I decided to see if I could leave and they didn't stop me so I left. It must be an everyday thing for them to just provide free travel. Nothing super special.

As Anthony and Audrey continue to talk back and forth in the background, the Player turns their head towards sounds coming from a door. The Player looks back at Anthony and Audrey to see them both looking at the door now.

ANTHONY

You both hear those voices right? I don't know why, but they sound familiar. Maybe we check it out?

AUDREY

I don't know, I usually avoid weird voices coming from places I don't know.
