

Get in, Loser

INT - Main Character Apartment - Day

The Player walks over to the door to answer the excessive knocking.

AUDREY ENTERS (with a laundry basket full of clothes)

AUDREY:

Oh, thank god you're here! I need to tell you something about-.

Audrey stops and looks around her suddenly, breathing a sigh of relief once she feels safe to speak to the Player.

AUDREY:

Okay, we're safe now. Listen, I went to do my laundry downstairs and saw a group of Laundry Enforcers taking Anthony away in handcuffs.

Suspenseful music plays for a few seconds after the revelation.

AUDREY:

I don't think they saw me. They said Anthony sabotaged the laundry machines or something! Everything feels weird, I don't think they did it, but I don't know what to do.

The Player looks over the flyer while Audrey takes a moment to catch her breath.

AUDREY:

Do you have any ideas?
