COST**

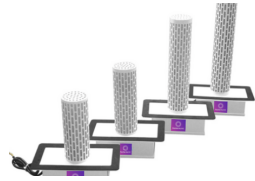

**SAVINGS**  
compared to the average  
disinfection company.

Fits any HVAC System

Easy Installation

No Maintenance

### RESCOM USA APPROACH

ResCom USA technicians will install our UV HVAC Units in strategic locations within your building. These systems provide UV Light that kills 99.9% of airborne viruses, bacteria, and mold 24/7. Once installed they will purify the air within your building for over 1 year with no maintenance!

### GREEN TECHNOLOGY

**IMMEDIATE COST SAVINGS**

UV Systems Sanitize the air 24/7 with no maintenance. We also treat your existing filters which protects beyond a HEPA Filter.

**FDA & EPA APPROVED**

UV Air Purification is an approved method by the CDC. Safe in any building.

**RESCOM USA APP**

Our App allows for Scheduling of service, viewing of testing results, MSDS's, a business health records
