Rear Adm. Brandon L. Taylor  
Defense Health Agency  
Director, Public Health

This is given in recognition of keeping a clean food bar and constantly stocked with fresh foods right up to closing time. Most strikingly was having a self-serve napkin dispenser right there on the table. This recognizes your friendly, hard-working staff making each trip more enjoyable. Clean tables and facilities, wet-naps, and a hand washing station near the buffet is in keeping the epidemic in check. Extra buns on hand with strawberry spread to go will be anticipated.
