

MASSAGE THERAPY

AT MAPLEBROOK CHIROPRACTIC

COVID-19 RESPONSE AND PRECAUTIONS

Massage Therapy Services at Maplebrook Chiropractic will resume on Monday, June 1, 2020.

Our four massage therapists have their schedule availability online maplebrook.genbook.com

OUR COMMITMENT TO YOU

By its very nature, massage and bodywork requires skin-to-skin contact and you should be familiar with the fact that infection control has always been a top priority for our office. As we navigate life with additional requirements and modify existing measures due to coronavirus, please help us keep our team and clients safe and healthy:

- Per the Governor's Order, all patients, staff, and clients are required to wear a face covering or mask. *Please follow CDC guidance on proper mask use.*
- Dr. Nadia and all massage therapists have always and will continue to wash and sanitize their hands thoroughly between clients.
- Even more frequent professional cleanings of the office including the front desk, waiting room, bathroom, and treatment rooms.
- Disinfectant used to clean high-tough areas between clients and as always, complete laundry change after each massage client.
- Fully venting massage treatment rooms between clients
- You have the option to wait in your vehicle (instead of the waiting room) and we can text or call you when your room is ready. *Please let us know if you want this service ahead of time.*
- We have updated our cancellation policy and ask that you reschedule your appointment if you are exhibiting any COVID-19 symptoms.
- Please visit maplebrookchiropractic.com/coronavirus-response for additional details.

Maplebrook Chiropractic and our massage therapy team is committed to following the guidelines and public health recommendations set forth by the U.S. Centers for Disease Control and Prevention (CDC) and the Occupational Safety and Health Administration (OSHA) as well as any specific requirements by the Illinois Department of Public Health (IDPH).
