

Important risk assessment update

Rule of 6

Dementia Active is focused upon complying with all government regulations with regard to the management of Covid 19. We are pleased and thankful to be able to report that our groups are excluded from this restriction as we are a support group. The following is taken from the latest government update on 14/9/20:

‘support groups - formally organised groups to provide mutual aid, therapy or any other form of support. This includes support to victims of crime, recovering addicts, new parents, people with long-term illnesses, those facing issues relating to their sexuality or gender, and those who have suffered bereavement.’
