

Walworth County Drug and Alcohol Coalition
WALCODAC
School and Community Based Presentation Outlines

Background: The Walworth County Drug and Alcohol Coalition is focused on providing current information to students, families, and community groups throughout Walworth County on the perils of substance abuse. To meet the need for educating our students, parents, staff, and communities we offer presentations free of charge. These presentations can be modified on an as needed basis to meet specific requirements for a group. The presentations are delivered free of charge and are done by members of WALCODAC and the County. The following is a general outline of the presentations that are available.
