

James C. Hartley, RPA#17409

EDUCATION

Graduate Student, Anthropology,
University of Tulsa, 2015-2017

MA, Anthropology, Eastern New
Mexico University, 2015

BA, Anthropology, University of
Arizona, 2011

BS, Geology, Northern Arizona
University, 2005

PROFESSIONAL ACTIVITIES AND TRAINING

Register of Professional
Archaeologists, ID#17409

MEMBERSHIPS

Society of Vertebrate Paleontology

Geological Society of America

Paleontological Society

Society for Archaeological Sciences

Society for American Archaeology

Center for the Study of the First
Americans

Arizona Archaeological and
Historical Society

American Association for the
Advancement of Science

American Quaternary Association

Plains Anthropological Society

Southwest Paleontological Society

Southeastern Archaeological
Conference

FIELDS OF EXPERIENCE

Mr. Hartley is an archaeologist at Joe Deere Consulting, LLC, and a member of the Register of Professional Archaeologists (ID#17409, beginning in September 2018). He has eight years of experience in cultural preservation, including surveying, excavation, monitoring, research, report writing, and documentation. His current responsibilities include archaeological reconnaissance, surveying, excavation, and historical research. Mr. Hartley has experience working for and with tribes (including the Osage Nation and the United Keetoowah Band of Cherokee Indians). Mr. Hartley also has experience in paleontology, surveying and documenting vertebrate fossil sites. He has experience with GIS mapping (mainly ArcGIS and Google Earth). Mr. Hartley has presented his research at conferences across the western United States. His research interests include Paleoindians and Pleistocene megafauna, particularly in the Great Plains and American Southwest.

EMPLOYMENT HISTORY

1995, Paleontology Lab Volunteer, Arizona-Sonora Desert Museum, Tucson, AZ

1998, Biology Lab Intern, Pima Community College, Tucson, AZ

1998/2000, Paleontology Field Volunteer, Fort Peck Reservoir, MT (through University of Notre Dame, Notre Dame, IN)

1998-2000, Chemistry Lab Intern, Systems Integration and Drug Discovery Company (SIDDCo), Tucson, AZ

2004, Paleontology Field Assistant, Dinosaur National Monument, Jensen, UT

2005, Paleontology Field Assistant, San Juan Basin, NM (through State Museum of Pennsylvania, Harrisburg, PA)

2007, GeoCorps Intern, Kaibab National Forest, Williams, AZ

2007, Paleontology Field Volunteer, University of Arizona, Tucson, AZ

2010, Museum Collections Volunteer, Arizona State Museum, Tucson, AZ

2012, Museum Collections Assistant, Amerind Foundation Museum, Dagoon, AZ

2012-2015, Graduate Assistant, Department of Anthropology and Applied Archaeology, Eastern New Mexico University, Portales, NM

2015-2017, Graduate Assistant, Department of Anthropology, University of Tulsa, Tulsa, OK

2017, Archaeological Field Technician, Open Range Archaeology, Moore, OK

2017-2021, Archaeological Field Technician, Cox|McLain Environmental Consulting, Tulsa, OK

2018, Archaeology Field Technician, Able Consulting, Owasso, OK

James C. Hartley, RPA#17409

2018, Paleontology Lab Volunteer, Center for Health Sciences, Oklahoma State University, Tulsa, OK

2018-2019, Archaeology Field Technician, Reagan Smith Energy Solutions, Oklahoma City, OK

2018-2021, Archaeological Field Technician, Osage Nation, Pawhuska, OK

2019, Environmental and Historic Preservation Specialist, Federal Emergency Management Agency (FEMA), Tulsa, OK

2019-Present, Archaeological Field Technician, Joe Deere Consulting, Catoosa, OK

2020, Assistant Section 106 Coordinator (Part-Time), United Keetoowah Band of Cherokee Indians, Tahlequah, OK

2021, Archaeology Field Technician, PaleoWest, Fort Smith, AR (through office in Austin, TX)

2023-Present, Archaeology Field Technician, ICF/Blanton and Associates, Oklahoma City, OK (through office in Austin, TX)

2024-Present, Archaeology Field Technician, CC Environmental, Norman, OK

SELECTED RECENT PROJECT EXPERIENCE

Monument Fossil Survey (on UT-CO border), Dinosaur National Monument, 2004. Responsible for fossil survey on Dinosaur National Monument, UT. Assisted in locating previously recorded vertebrate fossil sites on monument property. Submitted daily notes, GPS points, and pictures.

San Juan Basin Fossil Survey (in northwestern NM), through State Museum of Pennsylvania, 2005. Responsible for fossil survey on San Juan Basin, NM. Assisted in locating vertebrate fossil sites on public land parcels. Submitted daily notes, GPS points, and pictures.

GeoCorps Internship (near Williams, AZ), Kaibab National Forest, 2007. Responsible for fossil survey on Kaibab National Forest, AZ. Assisted in locating vertebrate fossil trackways on forest property. Submitted daily notes, GPS points, and pictures.

Museum Rehousing Project (in Tucson, AZ), Arizona State Museum, 2010. Assisted in rehousing museum collections at Arizona State Museum in Tucson, AZ. Updated catalog of artifact collections. Assembled large metal shelving for collections. Assisted in moving collections from offsite facility to main museum building.

Museum Rehousing Project (in Dragoon, AZ), Amerind Foundation Museum, 2012. Assisted in rehousing museum collections at Amerind Foundation Museum in Dragoon, AZ. Updated catalog of artifact collections. Assembled large metal shelving for collections. Assisted in moving collections from main museum building to temporary storage trailers.

Field School (at Blackwater Draw and Arian Alta, both in NM), Eastern New Mexico University, 2013. Assisted in survey and excavation of artifacts at Blackwater Draw and Arian Alta sites, NM. Served as graduate assistant for ENMU field school. Assisted in transect surveys of area surrounding sites, along with excavation of main sites.

James C. Hartley, RPA#17409

Diamond Pipeline Monitoring (from Cushing, OK, to Fort Smith, AR), Open Range Archaeology, 2017. Responsible for multiple Osage, Muscogee Creek, and Choctaw monitoring areas in eastern OK (working alongside tribal monitors). Monitored oil pipeline construction from excavation to backfill to cleanup. Wrote daily reports for Open Range Archaeology. Checked for and protected sites from construction activity through documentation and communication with tribal monitors and construction workers.

Turner Turnpike Monitoring (east of Bristow, OK), Cox|McLain Environmental Consulting, 2017-2018. Responsible for monitoring area east of Bristow, OK. Monitored highway expansion from grading to excavation. Submitted daily notes and pictures for Cox|McLain Environmental Consulting. Checked for and protected sites from construction activity through documentation and communication with construction workers.

Enid Pipeline Survey (near Enid, OK), Cox|McLain Environmental Consulting, 2017-2018. Assisted in field surveys for proposed water pipeline near Enid, OK. Full pedestrian surveys and shovel tests performed as per survey strategy. Submitted daily notes, GPS points, and pictures for Cox|McLain Environmental Consulting.

ODOT Cemetery Project (across Oklahoma), Cox|McLain Environmental Consulting, 2017-2018. Assisted project manager for project. Responsible for identifying and digitizing cemeteries in OK. Assisted in creating a spatial dataset containing the locations and selected basic attributes of known cemeteries in OK for the OK Department of Transportation. Compiled Excel spreadsheets with cemetery data and ArcGIS/Google Earth maps with cemetery locations.

Various Cell Tower and Other By-Acre Surveys (across OK and AR), Joe Deere Consulting, 2019-Present. Assisted in background surveys of various environmental projects including geological, soil, archaeological (survey and excavation/site), and historical research. Full pedestrian surveys and shovel tests performed as per survey strategy. Submitted daily notes, GPS points, and pictures for surveys for Joe Deere Consulting. Assisted in preparing ARPA permits as needed. Assisted in writing final project reports. Work performed for IHS, ODWC, USFWS, BIA, and various environmental firms.

Gilcrease Expressway Monitoring (in western Tulsa, OK), Osage Nation, 2020. Responsible for two monitoring areas north of Arkansas River in western Tulsa, OK. Monitored expressway and bridge construction from grading to excavation to backfill to cleanup. Wrote daily reports for Osage Nation. Checked for and protected sites from construction activity through documentation and communication with construction workers.

Phillips 66 Pipeline Monitoring (near Fairfax, OK), Osage Nation, 2020-2021. Responsible for multiple monitoring areas around Fairfax, OK (working alongside other archaeological monitors). Monitored oil pipeline construction from excavation to backfill to cleanup. Wrote daily reports for Osage Nation. Checked for and protected sites from construction activity through documentation and communication with archaeological monitors and construction workers.

Tract 542r Survey (near Arkansas Post, AR), Joe Deere Consulting, 2024. Assisted in background surveys of various environmental projects including geological, soil, archaeological (survey and excavation/site), and historical research. Survey of Tract 542r near canal connecting Arkansas River with White River. Full pedestrian surveys and shovel tests performed as per survey strategy. Submitted daily notes, GPS points, and pictures for surveys for Joe Deere Consulting. Assisted in writing final project report.

James C. Hartley, RPA#17409

I-35 Survey (near Norman, OK), CC Environmental, 2025. Assisted in field surveys for proposed water lines along I-35 near Norman, OK. Full pedestrian surveys and shovel tests performed as per survey strategy. Submitted daily notes, GPS points, and pictures for CC Environmental.

Various Water Line Surveys (near Altus, OK), CC Environmental, 2025. Assisted in field surveys for proposed water lines along roads near Lake Altus, OK. Full pedestrian surveys and shovel tests performed as per survey strategy. Submitted daily notes, GPS points, and pictures for CC Environmental.
