

Your Boating Never Stops; Neither Do We

Dropping the line

While we are not at liberty to openly discuss at this time, we would like to take a moment to reflect on recent events.

We are currently working with Carolyn Stash at AtlasTrax, a women owned and operated business out of Ft. Lauderdale. AtlasTrax technology and timely response has proven to be a blessing! We are excited to share in providing our customers with reassurance both on and off the water. We look forward to revealing more on this venture as we move forward. For now - don't forget to ask about AtlasTrax.

What's New?

As promised in last months newsletter we have closed in with some new vendors and are now cert. resellers - part of the new line up includes Rhodan, Garmin, Navico, Simard and Fusion.

Customer of the Month

We sent the beautiful "Game Changer" on it's way home. This was an exciting and super cool refab. we got the chance to be apart of. We would like to take a moment to again thank our customers for coming in and trusting us on this project. Here are a few quick views. If you'd like to see more hop on over to our webpage!

We can all appreciate the beauty of Florida and our fantastic coastline that affords us some of the most memorable moments with the ocean. We hope you continue to allow us to make your moments as unique as you!
