

Be the one they look up to

This June commit, in concrete ways, to following God more faithfully. Commit to being the best spouse, parent, community member, and American citizen that you can be. **Lives depend on you.**

The Problem

39% of Americans say religion is very important
38% of Americans say patriotism is very important
30% of Americans say having children is very important
27% of Americans say community involvement is very important

But these are the foundations of a healthy and flourishing society. Recommit yourselves to them and be a beacon of hope for others.

**FIDELITY
MONTH**
GOD. FAMILY. COUNTRY.

What can I do?

Be a Light

As a Christian, you are the most powerful example of human flourishing to a dark, broken world. What are the blessings God has given you? A spouse? Children? Friends? Neighbors? A parish? Serve God in them, and tell others about why these virtues are very important to you.

- **Celebrate Fidelity Month this June**
- **Pray** the Fidelity Month prayer regularly.
- **Fly the Fidelity Month** flag or post the yard sign at your home, place of work, or organization
- **Use the Fidelity Month symbol** on your social media pages.
- **Wear Fidelity Month apparel** in public.
- **Write articles and letters** to the editor or post about Fidelity Month on your social media platforms.
- Petition your town, state, organization, or company to **make a Fidelity Month declaration**. (We have samples you can use or just write your own!)
- **Organize Fidelity Month events** and invite speakers to talk about how we can live faithfully as individuals and together, corporately.

**FIDELITY
MONTH**
GOD. FAMILY. COUNTRY.
