

JIATF-401 Counter-UAS IDIQ Awardees

U.S. Army / Joint Interagency Task Force 401 | Announced September 29, 2026 | \$4.15 billion combined ceiling | Supports Domestic Shield and the C-UAS Marketplace

Ten companies received base IDIQ awards spanning counter-drone sensors, effectors and command-and-control systems. Only about \$50 million was obligated at award, so most of the ceiling will flow through future delivery orders.

Company	Ceiling	C-UAS focus	U.S. location	Website
Allen Control Systems, Inc. (ACS)	\$500M	Bullfrog autonomous robotic weapon station (kinetic effector)	Austin, Texas	allencontrolsystems.com
Digital Force Technologies, LLC (DFT)	\$500M	Seraphim C-UAS sensing and C2 family of systems	San Diego, California	<i>Confirm website</i>
DroneShield, LLC	\$500M	RF detection and electronic-warfare defeat (U.S. arm of ASX-listed DroneShield)	Warrenton, Virginia	dronesshield.com
