

# WellConnected LLC

Health analytics, research, policy, and strategy

WellConnected LLC is an SBA-certified Service-Disabled Veteran-Owned Small Business (SDVOSB) and Woman-Owned Small Business (WOSB) providing health data analytics, health services research, policy analysis, program evaluation, and healthcare strategy. We transform complex health data into actionable evidence that helps federal health agencies, the Military Health System, healthcare organizations, research institutions, and contracting partners improve programs, policies, operations, and decisions.

## CORE CAPABILITIES

### Health Data Analytics & Modeling

- Statistical analysis, predictive modeling, outcomes research, and data visualization
- Administrative, clinical, survey, and population health data analysis

### Health Policy & Program Evaluation

- Policy research, program evaluation, performance measurement, and implementation analysis
- Healthcare access, quality, cost, outcomes, readiness, and health equity

### Healthcare Strategy & Process Improvement

- Strategic planning, healthcare workforce analysis, delivery system reform, and process reengineering
- Decision support and actionable recommendations for healthcare leaders

## REPRESENTATIVE EXPERIENCE

- Military and veterans' health research, policy analysis, and outcomes studies
- Healthcare access, utilization, population health, outcomes, and workforce analysis
- Federal healthcare program evaluation, performance measurement, and policy support
- Executive healthcare operations, strategic planning, and process improvement

## DIFFERENTIATORS

- More than 20 years of federal and military healthcare leadership, research, and policy experience
- PhD-level quantitative and qualitative research expertise
- Proven ability to translate complex evidence into practical policy and operational recommendations
- Executive healthcare leadership informed by direct Military Health System experience
- Responsive, senior-level support from an SBA-certified SDVOSB and WOSB
