

17NX

INTRODUCING THE 2017 NX

NX TURBO

The 2017 NX Turbo features a 235-hp,¹ 2.0-liter turbocharged direct-injection gasoline engine and iconic Lexus design, including an aggressive exterior with signature spindle grille, LED daytime running lights and optional 18-inch wheels.² Front-wheel drive or available all-wheel drive.

NX TURBO F SPORT

Take turbocharged performance further with exclusive F SPORT features, including an F SPORT-tuned suspension, an exclusive mesh grille, black exterior mirrors, G-force and turbo-boost gauges, paddle shifters, 18-inch wheels² and F SPORT seats with enhanced bolsters. Front-wheel drive or available all-wheel drive.

NX 300h

The 2017 NX 300h features Lexus Hybrid Drive with a 2.5-liter Atkinson-cycle engine and class-leading 31-MPG combined rating,³ concealed exhaust tips, active damping control for superior ride comfort and handling response, and available Premium Triple-Beam LED headlamps. All-wheel drive.

THE ART OF THE UNEXPECTED

There's progressive design, and there's design that's pushed to the leading edge. From the technological innovations of the NX Turbo, to the dynamic design of the F SPORT, to the exceptional combined fuel economy rating³ of the NX Hybrid, the Lexus NX goes beyond everything you thought a crossover SUV could be.

MULTI-FACETED PERFORMANCE

Proving there's more than one way to elicit a reaction, the 2017 NX offers multiple levels of performance. The 235-horsepower¹ NX Turbo offers eye-opening acceleration, while the NX Hybrid boasts efficiency that's as desirable as it is dynamic. And, for those who crave added adrenaline, the NX F SPORT invigorates the driver and commands the road with a sport-tuned suspension, a distinctive front fascia, and steering-wheel-mounted paddle shifters that help you make the most of the turbocharged engine.

THE POWER OF TURBO

While some automakers outsource their turbochargers, Lexus engineers spent years researching, developing and refining the turbocharger in the NX Turbo. Making a name for itself with every cubic inch of its 2.0-liter engine, it relies on advanced twin-scroll technology and the ability to seamlessly move between conventional and Atkinson cycles, pairing quick acceleration with greater efficiency.

HIGH- PERFORMANCE HYBRID

Combining head-turning style with a highly efficient class-leading 31-MPG combined rating,³ the NX Hybrid pushes innovation to new heights. In addition to a more refined ride offered by its exclusive damping control system and standard AWD, it boasts LED headlamps and striking taillamps to ensure you're noticed—coming or going.

There's no need to sacrifice style or opportunity when you have the Lexus all-wheel drive system. With available AWD, the NX and NX F SPORT keep the door to opportunity wide open by monitoring vehicle and road conditions to predict your path. If wheelspin is detected, it can deliver up to 50% of available torque to the rear wheels. Standard on the NX Hybrid, the electronic AWD system features an additional electric motor to deliver instantaneous torque to the rear wheels, only when it's needed.

BREATH-TAKING

DRIVEN BY DESIGN

Stunning from the most dramatic exterior line to the smallest interior detail, the NX makes a statement that can't be ignored. Outside, you'll find unique door-handle LEDs that offer a sophisticated invitation to the cabin. Inside, bolstered seating holds you tightly in place through every curve.

THRILL-SEEKING

Offering a more contemporary take on craftsmanship, the NX pairs distinctive stitching along the seating and sculpted dash with striking details, like brushed metallic accents. Balancing its modern style with refined luxury, amenities like a 10-way power driver's seat and an available heated leather-trimmed steering wheel provide comfort as stirring as its design.

EVERY LINE, A STATEMENT.

Going beyond utility means looking at everything from a different angle—and being noticed from every angle. From the sweeping, multifaceted character lines to the signature spindle grille to the available outer-sliding moonroof, angular yet aggressive styling dominates the NX. As captivating as it is cautious, the safety technology on the NX casts the vehicle in an elegant light. Providing a fresh perspective on the road ahead, the available Premium Triple-Beam LED headlamps are functional and evocative, and rear combination lights feature a high-contrast design and ultra-crisp turn signals.

**DISTINCTIVE INTERIOR.
INTERIOR DISTINCTION.**

The NX offers a whole new way to experience the everyday. Passengers will enjoy the ample legroom of its stadium-like rear seats that offer available first-in-class⁴ power-folding and power-reclining⁵ functionality. Up front, available heated and ventilated front seats have separate heaters and fans in the seat cushions for a more personalized level of comfort. Going even further beyond the expected, an available expansive moonroof with unique outer-sliding design provides an impressive feeling of spaciousness while allowing more interior headroom than conventional moonroofs.

ALL-PURPOSE. AWE-INSPIRING.

VIBRANT VERSATILITY

Whether you're enjoying the convenience of its five-door access or strapping gear to the roof rails^{6,7} and available cross bars,^{6,7} the NX is the ideal companion for any urban adventure. A folding and reclining⁵ rear seat with 60/40 split helps you make the most of a highly versatile and spacious cargo area,⁸ which includes a tonneau cover. And with the available power rear door, you'll find your NX is always ready for whatever the future holds.

THE NEXT LEVEL OF CONVENIENCE

Available Lexus Enform⁹ elevates connected technology into a new era of concierge-level convenience. From emergency assistance to a live destination specialist and more, our premium suite of connected technology offers peace of mind with every drive.

SAFETY CONNECT

Whether you're involved in an accident, your vehicle is stolen, or the unexpected occurs, assistance can be sent directly to your vehicle's GPS location.¹⁰

SERVICE CONNECT

Keeping up with your vehicle's health has never been easier. Get updates on everything from fuel level and mileage, to maintenance alerts and more via e-mail or the mobile app.¹¹

REMOTE

The Lexus Enform Remote¹² mobile app helps you lock and unlock doors, start the engine, resume climate settings, find your vehicle in a parking lot and monitor guest drivers.

DESTINATIONS

Get directions and destinations delivered by a real person with 24-hour, en-route navigation assistance.⁹

APP SUITE

Search local listings, stream music, place restaurant reservations, buy movie tickets and more—all from the center console.⁹

SURROUND SOUND THINKING

DRIVER-CENTRIC TECHNOLOGY

Immerse yourself in forward-thinking design. From the illuminated entry system to steering-wheel-mounted controls to Drive Mode Select, the NX boasts driver-inspired technology that's as intuitive as it is indispensable. The available 10-speaker Lexus Premium Sound System offers exceptional sound and features HD Radio™¹³ with iTunes®¹⁴ tagging. And at the heart of the cockpit is the full-color LCD multi-information display. Housed within the gauge cluster, the display allows you to quickly read performance data while offering multimedia linkage for incoming calls, current song titles and more.

BLIND SPOT MONITOR

To help you change lanes with confidence, the available Blind Spot Monitor¹⁵ is designed to detect and warn you of vehicles approaching or positioned in the adjacent lanes. And for added peace of mind, Rear Cross-Traffic Alert¹⁶ can help you when backing out of a parking space by notifying you of vehicles approaching from either side.

PRE-COLLISION SYSTEM

The available Pre-Collision System¹⁷ (PCS) is engineered to detect vehicles in the path of your Lexus. Should it determine a frontal collision is imminent, it's designed to automatically prepare Brake Assist¹⁸ for increased braking response, and is even able to automatically begin braking before impact.

TAME THE MORNING COMMUTE

ALL-SPEED DYNAMIC RADAR CRUISE CONTROL

Available All-Speed Dynamic Radar Cruise Control¹⁹ can help maintain a preset distance from the car traveling in front of you by automatically reducing the throttle and even applying the brakes. Once the road clears, the NX returns to its preset speed.

BACKUP CAMERA WITH GRIDLINES

The NX backup camera²⁰ features dynamic gridlines so you can see your approximate path when turning the steering wheel. And available Intuitive Parking Assist²¹ utilizes sensors located on the bumpers to send visual and auditory warnings to indicate when and where the NX is in close proximity to other cars, making parking a breeze.

SUBSCRIPTION-FREE TRAFFIC AND WEATHER

To help you arrive sooner, Lexus provides an industry-first subscription-free Traffic and Weather service¹³ with standard HD Radio.¹³

This feature offers up-to-date information on road congestion and changing weather conditions on the main display.

BLUETOOTH® AUDIO

In addition to easily transferring phone numbers to your vehicle, and placing and ending calls with the touch of a button, *Bluetooth*²⁴ audio technology offers the convenience of accessing and controlling your compatible device's entire music library and even streaming audio from websites and apps—all while your device remains in your pocket or purse.

REMOTE TOUCHPAD

Equal parts functionality and form, the available Remote Touchpad²² is more than a way to access multimedia, climate control and available navigation. Featuring ample touch surface area, pulsation feedback and intuitive operation via pinch, swipe and flick gestures just like your smartphone, the touchpad found in the NX offers innovation at your fingertips.

Scout® GPS Link

An intelligent alternative to onboard navigation, Scout® GPS Link^{9,23} uses a smartphone app to offer turn-by-turn directions via the multimedia display. Separate from Lexus Enform⁹ services and subscription-free, Scout® GPS Link provides drivers with real-time traffic info, personalized commute times, automatic traffic avoidance and more.

SIRI® EYES FREE

The innovative Siri Eyes Free²⁵ connects with your compatible iPhone,²⁶ enabling you to access e-mail, send text messages and more. The Siri feature can also search your portable music collection and use the results to create customized playlists.

MILES BEYOND BOLD

THE 2017 NX F SPORT

For those with a passion for more power and performance, the NX F SPORT delivers. Putting a bold stamp on the already cutting-edge design of the NX, the F SPORT adds a more responsive sport-tuned suspension, a dynamic front fascia with signature mesh grille, and a variety of performance upgrades. While you're braced in the driver's seat, exclusive G-force and turbo-boost gauges further intensify the thrilling driving experience.

DYNAMIC MADE DARING

Holding corners as easily as it holds your attention, the NX F SPORT features an exclusive suspension specially tuned for optimized performance. For added engagement, paddle shifters on the steering wheel help you make the most of its turbocharged engine. And, complementing the exhilarating performance of the vehicle itself, a throaty engine note adds even more excitement when pushing the NX F SPORT to its limit.

F SPORT INTERIOR

Pushing boundaries even further, the NX F SPORT offers an exclusive, race-inspired interior with deeply bolstered front sport seats, contrast stitching, and an F SPORT perforated leather-trimmed steering wheel and shift knob. It's pure invigoration—for all the senses.

F SPORT EXTERIOR STYLING

Dynamic performance meets distinctive styling in the NX F SPORT. Distinguished from every angle, the commanding front fascia and exclusive mesh spindle grille announce every arrival as black exterior mirrors enhance the vehicle's sleek, sporty presence. The 18-inch split-five-spoke alloy wheels² accentuate a modern, aggressive stance, while F SPORT front-fender and rear-door badges make the track-inspired distinction clear.

ACCESSORIES

ALL-WEATHER FLOOR LINERS²⁸ WITH CARGO TRAY

Tub-style perimeter design helps provide optimal protection and an ideal fit.

A ALL-WEATHER FLOOR MATS²⁸ WITH CARGO TRAY

Durable channels help keep moisture, dirt and debris from marring the carpet.

B REAR BUMPER PROTECTOR

Help protect your bumper against scrapes, dings and scratches.

C ILLUMINATED DOOR SILLS

Illuminated door sills include a protective, stainless-steel overlay.

D F SPORT 19-IN FORGED SPLIT-SIX-SPOKE ALLOY WHEELS^{2,29}

Add a bold technical design to the aggressive lines of the NX.

E ROOF RAIL CROSS BARS^{6,7}

Enjoy versatility with lightweight, high-strength aluminum cross bars.

WARRANTY Four-year/50,000-mile Lexus Limited Warranty. Six-year/70,000-mile Powertrain Warranty. Six-year/unlimited-mileage Corrosion Perforation Warranty. Eight-year/100,000-mile Hybrid System Warranty. All warranties with zero deductible. See the *NX Warranty and Services Guide* at your Lexus dealer for details.

DISCLOSURES **1.** Ratings achieved using the required premium unleaded gasoline with an octane rating of 91 or higher. If premium fuel is not used, performance will decrease. **2.** 17-, 18- or 19-in performance tires are expected to experience greater tire wear than conventional tires. Tire life may be substantially less than 20,000 miles (17-in) or 15,000 miles (18-in or 19-in), depending upon driving conditions. **3.** Preliminary mileage estimates determined by Lexus. EPA mileage estimates not available at time of publishing. Actual mileage will vary. **4.** Based on Entry Level Crossover segment. **5.** Do not allow passengers to sit in a seat that has been fully or severely reclined while driving. This feature is intended for use only when the vehicle is parked. While the vehicle is being driven, all vehicle occupants should have the seatback upright, sit well back in the seat and properly wear the seatbelts provided. In the event of a collision, the more the seat is reclined, the greater the risk of death or personal injury. See *Owner's Manual* for details. **6.** Roof rack with rails not recommended for luggage. **7.** Roof rack capacity is 176 lb. See *Owner's Manual* for details. **8.** Cargo and load capacity limited by weight and distribution. **9.** Be sure to obey traffic regulations and maintain awareness of road and traffic conditions at all times. Apps/services vary by phone/carrier; functionality depends on many factors. Select apps use large amounts of data; you are responsible for charges. Apps & services subject to change. See lexus.com/enform for details. **10.** Contact with the response center may not be available in all areas. Service Agreements required. A variety of subscription terms available; charges will vary. **11.** Information provided is based on the last time data was collected from the vehicle and may not be up to date. System functionality depends on vehicle connectivity. **12.** Use only if aware of circumstances surrounding the vehicle, and it is legal & safe to do so (e.g., car uncovered in open area, no people or pets in or nearby). If vehicle has not been driven for over a week, services will not be available until next time vehicle is started. Functionality depends on many factors, such as vehicle and smartphone connectivity. See usage precautions, service limitations & *Owner's Manual*. Data charges may apply. Registration, app download are required. Must have an active Safety Connect subscription. Annual fee required after 1-year trial. **13.** HD Radio™ Technology manufactured under license from iBiquity Digital Corporation U.S. and Foreign Patents. HD Radio™ and the HD, HD Radio, and "Arc" logos are proprietary trademarks of iBiquity Digital Corp. **14.** iTunes® and iPod® are registered trademarks of Apple Inc. All rights reserved. **15.** Do not rely exclusively on the Blind Spot Monitor. Always look over your shoulder and use your turn signal. There are limitations to the function, detection, range and clarity of the monitor. See *Owner's Manual* for details. **16.** Do not rely exclusively on the Rear Cross-Traffic Alert system. Always look over your shoulder and use your mirrors to confirm rear clearance. There are limitations to the function, detection, range and clarity of the system. See *Owner's Manual* for details. **17.** The Pre-Collision System is designed to help reduce the crash speed and damage in certain frontal collisions only. It is not a collision-avoidance system and is not a substitute for safe and attentive driving. System effectiveness depends on many factors, such as speed, driver input and road conditions. See *Owner's Manual* for details. **18.** Brake Assist is designed to help the driver take full advantage of the benefits of ABS. It is not a substitute for safe driving practices. Braking effectiveness also depends on proper brake-system maintenance, tire and road conditions. See *Owner's Manual* for details. **19.** Dynamic Radar Cruise Control is designed to assist the driver and is not a substitute for safe and attentive driving practices. System effectiveness depends on many factors, such as weather, traffic and road conditions. See *Owner's Manual* for details. **20.** The backup camera does not provide a comprehensive view of the rear area of the vehicle. You should also look around outside your vehicle and use your mirrors to confirm rearward clearance. Environmental conditions may limit effectiveness and view may become obscured. See *Owner's Manual* for details. **21.** Do not rely exclusively on the Intuitive Parking Assist system. Always look over your shoulder and use your mirrors to confirm clearance. System effectiveness depends on many factors. See *Owner's Manual* for details. **22.** Be sure to obey traffic regulations and maintain awareness of road and traffic conditions. **23.** Availability & accuracy of the information provided by Scout® GPS Link is dependent upon many factors. Use common sense when relying on information provided. Services & programming subject to change. Services not available in every city or roadway. See lexus.com/enform for details. Scout® is a registered trademark of Telenav, Inc. **24.** Concentrating on the road should always be your first priority while driving. Do not use the hands-free phone system if it will distract you. The Bluetooth® word mark and logos are registered trademarks owned by Bluetooth SIG, Inc. and any use of such marks by Lexus is under license. A compatible Bluetooth-enabled phone must first be paired. Phone performance depends on software, coverage & carrier. **25.** Always drive safely, obey traffic laws & focus on the road while driving. Siri® is available only on iPhone® 4s or later, iPad® w/Retina® display, iPad® mini, & iPod® touch (5th gen.) & requires Internet access. Siri® is not available in all languages or all areas & features vary by area. Some Siri® functionality & commands are not accessible in the vehicle. Data charges may apply. See Apple.com & phone carrier for details. Siri® is a registered trademark of Apple Inc. **26.** iPhone® and iPad® are registered trademarks of Apple Inc. All rights reserved. **27.** Ultrasonic Blue Mica 2.0 available for an additional charge. **28.** This floor mat was designed specifically for use in your model and model year vehicle and SHOULD NOT be used in any other vehicle. To avoid potential interference with pedal operation, each mat must be secured with its fasteners. Do not install a floor mat on top of an existing floor mat. **29.** F SPORT Accessories are warranted for 12 months from the date of installation or for the balance of the new-car or Certified Pre-Owned (CPO) warranty in force at the date of installation, whichever is greater, when installed by an authorized Lexus dealer. F SPORT Accessories installed by anyone other than an authorized Lexus dealer are warranted for 12 months from the date of purchase only, and the warranty coverage is limited to the replacement value of the F SPORT Accessories. These warranties do not cover maintenance services such as replacement of brake pads/linings and clutch linings or noise, vibration, cosmetic conditions and other deterioration caused by normal wear and tear. Part failure caused by improper installation by anyone other than an authorized Lexus dealer may void the F SPORT Accessories warranty, the new-vehicle warranty or both. F SPORT is a trademark of Toyota Motor Corporation. Products available through participating Lexus dealers. **30.** Performance figures are for comparison only and were obtained with prototype vehicles by professional drivers using special safety equipment and procedures. Do not attempt. **31.** The SmartAccess system may interfere with some pacemakers or cardiac defibrillators. If you have one of these medical devices, please talk to your doctor to see if you should deactivate this system. **32.** The engine immobilizer is a state-of-the-art anti-theft system. When you insert your key into the ignition switch or bring a SmartAccess fob into the vehicle, the key transmits an electronic code to the vehicle. The engine will only start if the code in the transponder chip inside the key/fob matches the code in the vehicle's immobilizer. Because the transponder chip is embedded in the key/fob, it can be costly to replace. If you lose a key or fob, your Lexus dealer can help. Alternatively, you can find a qualified independent locksmith to perform high-security key services by consulting your local *Yellow Pages* or by contacting www.aloa.org. **33.** All the airbag systems are Supplemental Restraint Systems. All airbags (if installed) are designed to inflate only under certain conditions and in certain types of severe collisions: Typically, frontal and knee airbags inflate in frontal collisions; side torso and side curtain airbags inflate in side collisions; and Roll-Sensing Curtain Airbags inflate at a severe roll angle or roll rate. To decrease the risk of injury from an inflating airbag, always wear seatbelts, sit upright in the middle of the seat as far back as possible and do not lean against the door. Do not put objects in front of an airbag or around the seatback. Do not use a rearward-facing child seat in any front passenger seat. The force of an inflating airbag may cause serious injury or death. See *Owner's Manual* for further information/warnings. **34.** Vehicle Stability Control (VSC) is an electronic system designed to help the driver maintain vehicle control under adverse conditions. It is not a substitute for safe driving practices. Factors including speed, road conditions and driver steering input can all affect whether VSC will be effective in preventing a loss of control. See *Owner's Manual* for details. **35.** Qi wireless charging may not be compatible with all mobile phones, MP3/WMA players and like models. When using the system, avoid placing metal objects between the wireless charger & mobile device while charging. Doing so may cause metal objects to become hot and cause burns. **36.** Lane Departure Alert is designed to read lane markers under certain conditions and provide visual and audible alerts when lane departure is detected. It is not a collision-avoidance system or a substitute for safe and attentive driving. Effectiveness depends on many factors. See *Owner's Manual* for details. **37.** Please consult your Lexus dealer or *Owner's Manual* for towing and load specifications. **38.** Before towing, confirm your vehicle and trailer are compatible, hooked up and loaded properly and that you have any necessary additional equipment. Do not exceed any Weight Ratings and follow all instructions in your *Owner's Manual*. The maximum you can tow depends on the total weight of any cargo, occupants and available equipment. Calculated with the new SAE J2807 method. **39.** FaceTime® is a registered trademark of Apple Inc. All rights reserved. **40.** Be sure to obey traffic regulations and maintain awareness of road and traffic conditions at all times. Availability & accuracy of the information provided by the Navigation System is dependent upon many factors. Use common sense when relying on information provided. Services & programming subject to change. Services not available in every city or roadway. Updates may be available from your dealer at an additional cost. See *Owner's Manual* for details.

Lexus strives to build vehicles to match customer interest, and thus they typically are built with popular options and option packages. Not all options/packages are available separately, and some may not be available in all regions of the country. See lexus.com for information about options/packages commonly available in your area. If you would prefer a vehicle without any or with different options, contact your dealer to check for current availability or the possibility of placing a special order. Specifications, features, equipment, technical data, performance figures, options, and color and trim are based upon information available at time of printing, are subject to change without notice, and are for mainland U.S.A. vehicles only. Some vehicles shown with available equipment. See your Lexus dealer for details. Lexus reminds you to wear seatbelts, secure children in rear seat, obey all traffic laws and drive responsibly. For more information, call 800-USA-LEXUS (872-5398) or visit lexus.com. To learn more about your financing options, contact your Lexus dealer or call Lexus Financial Services at 800-874-7050.
