

Help Us Keep The REC Strong, Active, and Ready for Our Community

The Fort Dodge Community REC has long been a place where children, families, and community members come together to grow stronger—in body, mind, and spirit. Every day, our facility is filled with people of all ages building strength, improving their health, learning new skills, and connecting with others.

As our community and programs continue to grow, we want to ensure our equipment grows with them. This year, we are asking our community partners to help us invest in upgrading equipment throughout The REC, including equipment used in our fitness classes and programs.

Our fitness classes make a difference for community members of all ages, from youth building confidence and healthy habits to older adults maintaining strength, mobility, and independence. These classes provide more than exercise—they create opportunities for connection, encouragement, and improved health while helping people of every generation stay active and engaged in our community.

Your support will help us:

- Upgrade fitness class equipment such as weights, resistance equipment, mats, and other essential items.
- Replace aging or worn equipment to provide a safe, enjoyable experience.
- Give instructors the tools they need to provide quality, engaging classes.
- Support health and wellness opportunities for people of all ages.

We would be honored to recognize your business as a partner in this effort. Depending on your donation tier, supporters will be recognized with a banner around the track, on our website, and on our digital marquee, showcasing your commitment to community health and wellness.

Please see the enclosed slip for giving levels and recognition details, and return the form with your donation. This campaign is more than purchasing new equipment—it is an investment in the people who walk through our doors every day. With your support, we can continue providing quality programs and opportunities for our community to stay active, healthy, and connected.

Thank you for considering an investment in The REC and the Fort Dodge community. We are grateful for your continued partnership and support.

With gratitude,
Executive Director, Dave Pearson

Fort Dodge Community REC
