WILMINGTON, NORTH CAROLINA

DRYER VENT + CABINET CLEANING

Clear, upfront pricing for safer airflow and a cleaner dryer.

STARTING PRICES

STANDARD VENT CLEANING — $119

Accessible, ground-level side-wall vent; typical buildup and a straightforward run.

VENT + DRYER CABINET CLEANING — $189

Standard vent cleaning plus opening the dryer cabinet and removing accessible internal lint.

LONG, HEAVILY BLOCKED OR ROOF-EXIT VENT — $149-$225

Price depends on vent length, blockage, outlet location, and safe access. Confirm quote before work.

WHAT THE STANDARD SERVICE INCLUDES

- Clean the dryer vent path and transition hose
- Clear lint from an accessible outside vent hood
- Reconnect the dryer and check airflow after cleaning

PLEASE NOTE

Prices are estimates for typical residential jobs; confirm the exact price after checking access and vent layout.

Dryer-cabinet cleaning requires opening the appliance. It covers lint removal, not repairs or replacement parts.

Vent repairs, replacement ductwork, pest or nest removal, and unsafe or inaccessible roof work are quoted separately.

Ask about combining vent cleaning with an appliance repair visit.
